Poulan chain saw oil pumps provide oil to lubricate the cutting chain and guide bar, preventing the moving parts from overheating and damaging the chainsaw. The engine crankshaft spins the oil ...

Oil Pump Removal on a Poulan Chain Saw

Unscrew the retaining screws and lift the starter housing from the engine chassis on the chain saw's left side from the operator's position. Lift the air filter from the air filter housing ...

The Chainsaw Operator's Manual is an essential safety tool for chainsaw operators. It is the ultimate guide to basic chainsaw operating techniques covering safety, maintenance and cross-cutting, but not tree felling. Detailed diagrams illustrate horizontal, vertical and boring cuts, as well as trimming and cross-cutting techniques. Safety considerations are discussed, including workplace safety, occupational hazards, kick-back and identifying dangerous trees. An explanation of the 'tension' and 'compression' forces in timber is also provided to help you understand where to begin cutting

to avoid jamming the saw. The book covers chainsaw maintenance in detail, explains all aspects of the equipment and helps you select the right chainsaw and personal protection equipment for your needs. Trouble-shooting charts are included to help you solve operating problems. This manual has been updated to take into account the most recent changes in nationally accredited competency standards. It is a must-have for anyone operating a chainsaw.

Covers models manufactured through 1998.

Taking the fear out of chainsaws by emphasizing safe handling practices, this resource aims to put raw power in the hands of everyday yardworkers. With step-by-step color photographs throughout, 12 of the most common household chainsaw operations—such as grooming hedges, trimming branches, felling trees, bucking trees, and cutting firewood—are tackled with expert advice and sure-handed guidance. With an additional section devoted to chainsaw types, potential buyers can also assess which size and type of chainsaw best meets their needs. Also included is an appendix that has useful technical information and identifies the parts of a chainsaw and how each functions.

It is Every Mother's Nightmare...Only Worse Eight-year-old Sophie Donohue just wanted to be like every other little girl. Which is why her mother, Janine, reluctantly agreed to let her go on the weekend camping trip with her Brownie troop. But when Janine arrives to pick up Sophie after the trip, her daughter is not with the others. Somehow, along the forested route from West Virginia, Sophie has disappeared. But Sophie is no ordinary eight-year-old. She suffers from a rare disease, and Janine has recently enrolled her in an experimental treatment as a last effort to save her life—despite the vehement objections of her ex-husband, Joe. Without her medication, Sophie cannot survive long. All her mother's instincts tell Janine that Sophie is alive, but time is running out. Deep in the Virginia forest, another drama unfolds. Sophie finds refuge in a remote cabin inhabited by Zoe, a woman who wants nothing to do with the child. Zoe is struggling to save her own daughter from the law, and Sophie's presence jeopardizes any chance of that happening. She is as determined to save her daughter as Janine is to save Sophie...and only one of them can succeed.

Advocates the "salad bar beef production model" that is supposed to

be "land and farmer friendly."

The Nutz family will never be confused with the Waltons, the Partridges, or the Bradys. But you might confuse them with another family: your own. Soup To Nutz: The First Course is the first collection of comic strips featuring the off-kilter Nutz family, where the battle for the last chicken leg rivals the Battle of Bull Run and sibling "rivalry" is putting it mildly. The battling brood includes brothers Roy-boy and Andrews, their sister and middle child Babs, parents Roy and Pat, and their faithful dog Rosco. These six Nutz make up a family that is every bit as funny and screwball as their name implies. Roy-boy teases his younger brother by telling him that he became part of the family when they found him in the woods and adopted him. But his sister is quick to set the record straight: "Don't be silly, Andrew, you weren't adopted . . . Dad made you out of wood and a cricket turned you into a real boy." The irreverent humor of Nutz flows from the pencil of creator Rick Stromoski, whose research includes growing up the seventh member of a family of 12 children. That experience no doubt helped shape the humor behind what is one of the funniest up-and-coming strips on the funny pages today.

The latest Scandinavian publishing phenomenon is not a Stieg Larsson-like thriller; it's a book about chopping, stacking, and burning wood that has sold more than 200,000 copies in Norway and Sweden and has been a fixture on the bestseller lists there for more than a year. Norwegian Wood provides useful advice on the rustic hows and whys of taking care of your heating needs, but it's also a thoughtful attempt to understand man's age-old predilection for stacking wood and passion for open fires. An intriguing window into the exoticism of Scandinavian culture, the book also features enough inherently interesting facts and anecdotes and inspired prose to make it universally appealing. The U.S. edition is a fully updated version of the Norwegian original, and includes an appendix of U.S.-based resources and contacts.
