Crash Quotes by J.G. Ballard - Goodreads

Ballard is a magician with the English language and Crash is a first class spell in the syntax department. The first thing that is noticeable, of course, is the sickeningly gory descriptions of car crashes, wounds and... sex. Chins will hit the floor over the sheer magnitude of blood and sex within these pages.

Crash: A Novel: Ballard, J. G.: 9780312420338: Books ...

Ballard in ¶Crash!¶ (1971; dir. Harley Cokliss). The point having been made, the music returns, edgy and stressed, perhaps synthesised, sounding like plucked, discordant violins. Ballard is the driver. He turns to his right and sees Drake in the passenger seat.

Crash! Full-Tilt Autogeddon - Ballardian

Written in 1973, Crash may be one of the most difficult books you ever read or listen to. The author bravely names his protagonist 'Ballard' and then slowly evolves him as a man who, after being in a car crash, grows erotically obsessed with them and the damage they do to bodies.

Ballard in the Rear View | Filmmaker Magazine

Crash is a wondrous symphony of amorality, sex and self-destruction.

Crash by J.G. Ballard

Abstract This article discusses pornographic elements in Crash, J. G. Ballard's controversial 1973 novel about ¶the perverse eroticism of the car-crash¶, situating the novel in relation to the debate in Britain in the late 1960s and early 1970s about the availability of pornography.

The Definitive Cult, Postmodern Novellia Shocking Blend of Violence, Transgression, and Eroticism Reissued with a New Introduction from Zadie Smith When J. G. Ballard, our narrator, smashes his car into another and watches a man die in front of him, he finds himself drawn with increasing intensity to the mangled impacts of car crashes. Robert Vaughan, a former TV scientist turned nightmare angel of the expressway, has gathered around him a collection of alienated crash victims and experiments with a series of autoerotic atrocities, each more sinister than the last. But Vaughan craves the ultimate crash!a head-on collision of blood, semen, engine coolant, and iconic celebrity. First published in 1973, Crash remains one of the most shocking novels of the twentieth century and was made into an equally controversial film by David Cronenberg.

The definitive cult, post-modern novel ¶ a shocking blend of violence, transgression and eroticism.

The definitive cult, post-modern novel - a shocking blend of violence, transgression and eroticism.

David Cronenberg's Crash (1996) brought down a storm of controversy and opprobrium when it was first screened in London. And yet it's a cool, controlled, formal film, unsensational, more analytic than titillating, a brilliant exposé of modern pathologies. It has almost none of the violence and explicit sexual content of the J.G. Ballard novel from which it is adapted. What is the relationship between Ballard himself and the character 'James Ballard' in Crash? In this book, which includes an exclusive and revealing interview with Ballard, Sinclair explores the uncanny temporal loop which connects film and novel. If Cronenberg's 'adapted' Crash, he also absorbed it, ingested it, made it into something new. But, on the other hand, the novel controls the film, or uses the film to disguise its truly subversive intent. And, for Sinclair, there are more startling permutations still. To what extent, for example, is Crash a premonition of some of the more remarkable media events of recent times?

Ballard's books have remained fresh decades after they were first published, and the thoughts collected in J.G. Ballard: Quotes have worn equally as well. Small enough to fit in a pocket, this book brings together J. G. Ballard's trenchant thoughts on music, film, celebrity, the rise of corporate media, the death of reality, and much more. Grouped by topics such as "Sex: Relationships, Sex x Technology equals the Future, Pornography" and "Surrealism, Imagination," these quotes are both concise and clear, and provide a strong beacon for readers who are used to a baffling daily assault of advertisements, phone calls, and e-mails. They are also an excellent resource to help readers better understand Ballard's novels, which stand among the most visionary, provocative literature of the 20th century. A Ballardian glossary, the essay "Guide to Virtual Death," and a bibliography round out this excellent resource.

Long-regarded as one of the true visionary writers of the twentieth century, J.G. Ballard was one of the first British writers of the post-war period to begin to see, and to map out in his fiction, the future course of our civilization. For forty years his unflinching eye has turned to the point where the advancing edge of our technological progress has worn away our inner humanity. Eden-Olympia is more than just a multinational business park, it is a virtual city-state in itself, with the latest in services and facilities for the most elite high-tech industries. Isolated and secure, overlooking the luxurious French Riviera, the residents lack nothing. Yet one day Dr. Greenwood from Eden-Olympia's clinic goes on a suicidal shooting spree. Dr. Jane Sinclair is hired as his replacement, and she and her husband, Paul, are given Dr. Greenwood's house as a residence. Unable to work while recovering from an accident, Paul spends his days taking a close look at the house where Dr. Greenwood shot himself and three hostages. He discovers clues in the house lead him to question Eden-Olympia's official account of the killings. Drawn into investigating the activities of the park's leading citizens, while Jane is lured deeper into Eden-Olympia's inner workings, Paul uncovers the dangerous psychological vents that maintain Eden-Olympia's smoothly running surface. An experiment is underway at Eden-Olympia, an experiment in power and brutality. Soon Paul finds himself in race to save himself and his wife before they are crushed by forces that may be beyond anyone's control.

A war-ravaged Beirut is the setting for the title story of this visionary collection by J. G. Ballard, a tale in which a young street fighter inadvertently discovers how to bring an end to the bloodshed only to find that his solution is all too effective as far as some supposedly neutral observers are concerned. Other stories in War Fever feature an assassination plot against an American astronaut, the leader of an authoritarian religious movement; a man who is destroyed by a car crash and resolves never to leave his apartment again; and the survivor of a toxic-waste ship wrecked on a deserted Caribbean island.

A chilling novel about our modern world, from the author of Empire of the Sun and Crash.

First published in 1970 and widely regarded as a prophetic masterpiece, this is a groundbreaking experimental novel by the acclaimed author of ¶Crash¶ and ¶Super-Cannes¶.
