"The classic trifecta of talent, heart, and a bone-deep sense of storytelling...A masterful performance, deftly rendered and deeply satisfying. For days on end, I woke with this story on my mind." —David Wroblewski A powerful and resonant novel from the critically acclaimed author of Smonk and Hell at the Breech, Crooked Letter, Crooked Letter tells the riveting story of two boyhood friends, torn apart by circumstance, who are brought together again by a terrible crime in a small Mississippi town. An extraordinary novel that seamlessly blends elements of crime and Southern literary fiction, Crooked Letter, Crooked Letter is a must for readers of Larry Brown, Pete Dexter, Ron Rash, and Dennis Lehane. In the late 1970s, Larry Ott and Silas "32" Jones were boyhood pals. Their worlds were as different as night and day: Larry, the child of lower-middle-class white parents, and Silas, the son of a poor, single black mother. Yet for a few months the boys stepped outside of their circumstances and shared a special bond. But then tragedy struck: Larry took a girl on a date to a drive-in movie, and she was never heard from again. She was never found and Larry never confessed, but all eyes rested on him as the culprit. The incident shook the county—and perhaps Silas most of all. His friendship with Larry was broken, and then Silas left town. More than twenty years have passed. Larry, a mechanic, lives a solitary existence, never able to rise above the whispers of suspicion. Silas has returned as a constable. He and Larry have no reason to cross paths until another girl disappears and Larry is blamed again. And now the two men who once called each other friend are forced to confront the past they've buried and ignored for decades.

Then the town's peace is shattered when someone tries to kill the reclusive Ott, another young woman goes missing, and the town's drug dealer is murdered. Woven through the tautly written murder story is the unspoken secret that hangs over the lives of two men - one black, one white. Crooked Letter, Crooked Letter is a masterful crime novel, sizzling with deep Southern menace, and distinguished by brilliant plotting and unforgettable characters.

"Gorgeous, vividly alive." —The New York Times "Soul-stretching, breathtaking...A game-changing gift to readers." —Booklist (starred review) From Chloé Cooper Jones—Pulitzer Prize finalist, philosophy professor, Whiting Creative Nonfiction Grant recipient—an "exquisite" (Oprah Daily) and groundbreaking memoir about disability, motherhood, and the search of a new way of seeing and being seen. "I am in a bar in Brooklyn, listening to two men, my friends, discuss whether my life is worth living." So begins Chloé Cooper Jones's bold, revealing account of moving through the world in a body that looks different than most. Jones learned early on to factor "pain calculations" into every plan, every situation. Born with a rare congenital condition called sacral agenesis which affects both her stature and gait, her pain is physical. But there is also the pain of being judged and pined for her appearance, of being dismissed as "less than." The way she has been seen—or not seen—has informed her lens on the world her entire life. She resisted this reality by excelling academically and retreating to "the neutral room in her mind" until it passed. But after unexpectedly becoming a mother (in violation of unspoken social taboos about the disabled body), something in her shifts, and Jones sets off on a journey across the globe, reclaiming the spaces she'd been denied, and denied herself. From the bars and domestic spaces of her life in Brooklyn to sculpture gardens in Rome; from film festivals in Utah to a Beyoncé concert in Milan; from a tennis tournament in California to the Killing Fields of Phnom Penh, Jones weaves memory, observation, experience, and aesthetic philosophy to probe the myths underlying our standards of beauty and desirability and interrogates her own complicity in upholding those myths. "Bold, honest, and superbly well-written" (Andre Aciman, author of Call Me By Your Name) Easy Beauty?is the rare memoir that has the power to make you see the world, and your place in it, with new eyes.

It's 1911 and the townsfolk of Old Texas, Alabama, have had enough. Every Saturday night for a year, E. O. Smonk has been destroying property, killing livestock, seducing women, cheating and beating men, all from behind the twin barrels of his Winchester 45-70 caliber over-and-under rifle. Syphilitic, consumptive, gouty, and gophered—an expert with explosives and knives—Smonk hates horses, goats, and the Irish, and it's high time he was stopped. But capturing old Smonk won't be easy—and putting him on trial could have shocking and disastrous consequences, considering the terrible secret the citizens of Old Texas are hiding.

When mirror twins Seth and Hadrian Castillo travel to Europe on holidays, they don't expect the end of the world to follow them. Seth's murder, however, puts exactly that into motion. From opposite sides of death, the Castillo twins grapple with a reality neither of them suspected, although it has been encoded in myths and legends for millennia. The Earth we know is just one of many "realms", three of which are inhabited by humans during various stages of their lives. And their afterlives... In the tradition of Philip Pullman and Ursula K. Le Guin and inspired by numerous arcane sources, the Books of the Cataclysm begin in the present world but soon propel the reader to a landscape that is simultaneously familiar and fantastic.

In ten stunning and bleak tales set in the woodlands, swamps and chemical plants along the Alabama River, Tom Franklin stakes his claim as a fresh, original Southern voice. His lyric, deceptively simple prose conjures a world where the default setting is violence, a world of hunting and fishing, gambling and losing, drinking and poaching a world most of us have never seen. In the chilling title novella (selected for the anthologies New Stories from the South: The Year's Best, 1999 and Best Mystery Stories of the Century), three wild boys confront a mythic game warden as mysterious and deadly as the river they haunt. And, as a weathered, hand-painted sign reads: "Jesus is not coming." This terrain isn't pretty, isn't for the weak of heart, but in these deperate, lost people, Franklin somehow finds the moments of grace that make them what they so abundantly are: human.

This anthology of Mississippi crime fiction "has produced a unique, delicious flavor of noir" with stories by Ace Atkins, Megan Abott and more (New York Daily News). From poverty to state corruption, Mississippi has a well-deserved reputation for trouble. Could there be a connection between its many misfortunes and its rich literary legacy? Mississippians from Tennessee Williams and Eudora Welty to Richard Ford and John Grisham certainly know how to tell a good story. Now Mississippi Noir offers "a devilishly wrought introduction" to a new generation of "writers with a feel for Mississippi who are pursuing lonely, haunting paths of the imagination" (Associated Press). Mississippi Noir includes brand-new stories by Ace Atkins, William Boyle, Megan Abbott, Jack Pendarvis, Dominiqua Dickey, Michael Kardos, Jamie Paige, Jimmy Cajoleas, Chris Offutt, Michael Farris Smith, Andrew Paul, Lee Durkee, Robert Busby, John M. Floyd, RaShell R. Smith-Spears, and Mary Miller.
