Parker Hamilton - movie star! That's what the world knows about me. Oscar winner, prominent bloodline, playboy. But there is so much more to me. My friends are my real family, and they are what matters most. But I'd be lying if I said that I'm not concerned about my reputation. Everyone who lives in the spotlight is. Listen, I can play any role - drama, comedy, romance. You name it. I can act my ass off, and I have the proof on a shelf in my office. But when my agent calls me into his office to offer me the role of a lifetime, I am hesitant. Not only would I have to act opposite Chance Steele, the most egotistical schmuck I know, but we would also have to pretend to be intimate. Really intimate. As in gay lovers. Now, don't get me wrong; I am as open-minded as they come. People can love whom they want, screw whom they want, even marry whom they want. But when you ask me to make out with a dude, pretend to roll around in a bed with him, well, that's where I draw the line. Maybe. Sometimes lines are blurry. And sometimes lines are just meant to be crossed. Crossing the Line is book 3 of the Taboo Love series and picks up where Unmasking Charlotte left off. As with Hey There, Delilah and Unmasking Charlotte, it is a standalone - so don't worry if you haven't read them yet - with a HEA. That means no cliffhanger! Oh, and expect to see some of your favorite characters. Contains graphic m/m scenes. Not intended for readers under 18.

But that's never stopped us from staring at each other from across a crowded room. And we've always been friends. Oh yes... There was that one night seven years ago. I bet Hercules doesn't know that he's my first. Yet here we are again, unable to take our eyes off each other. But tonight feels different. We've grown up. Hi, my name is Delilah Sampson, and I am a self proclaimed "frump girl." My world came crashing down the day I walked in on my boyfriend having sex with my boss, rendering me single and jobless. A new job fell into my lap as the secretary of the gorgeous, rich, powerful, and mighty cocky controlling partner at the Santino Law Firm. I spend my days trying to please a demanding boss, keeping my lustful thoughts to myself. Until one night, when my best friend drags me to a club, and I fall for a man whose true identity I will never know. See, at Club Masquerade, everyone wears a mask and a nametag with a fake name. Also, on your nametag is a number that you are assigned when you come into the club, which is linked to an in-house messaging system; no one is permitted to speak, which ensures that identities are kept secret. I meet my lover every Saturday at 9:00 pm sharp. We text and email constantly when we are not together, and I have somehow fallen in love with him. But, then there is Nick Santino. He is the partner that I can't keep my eyes off. Unfortunately, the only reason he hired me is because he is not attracted to me and all of my frump glory. Fortunately, for me, I am a kick ass secretary, so he keeps me around. Like many men in his position, Nick is used to getting what he wants, when he wants it; all without commitment, of course. So when he finds a woman that he is both physically and emotionally attracted to, he finds himself in unchartered territory – love. And I can do nothing but be jealous from the sidelines – lusting for a man I can't have, and loving a man I can't know. Hey there, Delilah is book 1 of a Taboo Love series, in which we tackle the boss/secretary relationship. Each book will be a stand alone with a HEA, but will have a few reoccurring characters.

This is a Parker and Chance short story from a Taboo Love Series, taking place after the epilogue of Crossing The Line. It was originally published in the Pink Anthology, with all proceeds going to breast cancer research. Warning: Prepare for a lot of really hot gay sex!

The autobiography of one of hockey's first rebels and a beloved member of the "Big Bad Bruins," this book shares how Derek Sanderson's ferocious style helped lead the team to two Stanley Cup victories in the early 1970s. Living life in the fast lane, Sanderson grew his hair long, developed a serious drinking problem, and eventually found himself out of the league and prowling the streets for his next drink. In this autobiography, Sanderson comes clean on his life in hockey, the demons that threatened to consume him, and the strength and courage it took to fight his way back. Today a successful entrepreneur and speaker, Sanderson's incredible story is a must read for any fan of hockey.

To cross boundaries, to go beyond borders: an evocative idea, but what are the implications and consequences of transgression? How are boundaries challenged, redefined and overcome within the intricacies of taboos, bodies and identities? Crossing Cultural Boundaries: Taboos, Bodies and Identities brings together a range of articles that address this theme using different frameworks of interpretation. As in the case of taboo, boundaries are often internalised and may function as regulators for a society. Their existence becomes visible the moment they are violated. The essays in this book explore voluntary and accidental encounters with boundaries not only from theoretical perspectives but also from the experience of those who are part of transitions on a regular basis in their everyday lives. The notion of otherness is central to the articles in this book. The definition and interpretation of cultural others become part and parcel of the process of negotiation of bodies and identities. While 'the other' is marked by outward bodily signs, spaces, taboos and cultural practices, the self is empowered by resisting submission to dominant modes and descriptions. Deconstructing boundaries becomes part of the project of redefining the self. This book will appeal to academics and researchers in communications, cultural studies, sociology, health sciences, anthropology, literature, and applied linguistics.

The tourism industry, as one of the main drivers of creative economy, gains more importance in growth policies both at national and regional levels. However traditional tourism destinations now face a more competitive environment, for an increased number of possible destinations have emerged. This environment is further deepened by an increase in the number of products and services available to the preferences of visitors. Therefore new tourism policies, unlike traditional strategies, should aim to increase the competitiveness of the local through supporting increased quality of experience and promoting innovation in tourism services. Based on the workshop organized by Regional Studies Association Research Network on "Tourism, Regional Development and Public Policy" in Izmir, Turkey, this book introduces, motivates and examines diversities in the tourism industry from a regional development perspective. The papers in this book cover various case studies from different country experiences. The views expressed in these articles promise to improve our understanding of tourism in a new aspect that goes beyond the mass tourism mentality. This book was originally published as a special issue of European Planning Studies.

They say that once you go black, you never go back. I am not completely sure who "they" are, but they obviously never met me. I guess that maybe I am an exception to the rule. I went black, and then I went back. Maybe that sounds cynical. Maybe that sounds flippant. Maybe that even sounds racist. But I am none of those things. I am just a realist, who through an unfortunate turn of events, learned the hard way that everything is in fact black or white. At least for me it is, and always will be. But then there is Calvin King. The thorn in my side, the pain in my ass. He is what some would call the perfect man - an imposing businessman, an even more impressive ladies' man. Every man wants to be him and every woman just wants him. At least that is what I hear. I'm not admitting to anything beyond that. What I do know and will concede to, is that my resolve is tested as soon as I meet Calvin. He ticks every box off my checklist - sexy as sin, tall, dark, rich, intelligent, funny, and...Black. My body craves just the thought of him. How can I possibly keep him at arm's length when he is the only man I want and desire? And it doesn't help that he kisses like a god and sets my body on fire. Crap! Don't ask me how I know that, he doesn't play fair. Most importantly, I can't let him unmask me, it's my only defense. Like I told you before, I already went black, and I am so not going back. Unmasking Charlotte is book 2 of the Taboo Love series and picks up where Hey There, Delilah left off. For this taboo, we tackle interracial relationships. As with Hey There, Delilah, it is a standalone - so don't worry if you haven't read Hey There, Delilah, yet - with a HEA. That means no cliffhanger! Oh, and expect to see some of your favorite characters.
