Cujo (/ ? k ju? d? o? /) is a 1981 psychological horror novel by American writer Stephen King about a rabid Saint Bernard.The novel won the British Fantasy Award in 1982 and was made into a film in 1983.

*Cujo* - Wikipedia

Cujo is a two-hundred-pound Saint Bernard, the beloved family pet of the Joe Cambers of Castle Rock, Maine, and the best friend ten-year-old Brett Camber has ever had. One day Cujo pursues a rabbit into a bolt-hole--a cave inhabited by some very sick bats.

*Stephen King | Cujo*

Cujo is a 1983 American horror film based on Stephen King's 1981 novel of the same name and directed by Lewis Teague. It was written by Don Carlos Dunaway and Barbara Turner (using the pen name Lauren Currier), and starring Dee Wallace, Daniel Hugh Kelly and Danny Pintauro. The film follows a mother and her son who are trapped inside their car, while protecting themselves from a rabid St ...

*Cujo (film) - Wikipedia*

Cujo was a massive, male St. Bernard owned by the Camber Family. Cujo was once a friendly and playful companion, but when he got rabies from a bat bite, he went insane and was turned into a vicious killer that attacked anybody who came near him.

Holy Shit! Cujo was written while Stephen King was in the depths of his alcoholism. Uncle Stevie doesn't even remember writing it and if you think about it he didn't write it his alcoholism did. Like Cujo, alcoholism is rabid dog that will stop at nothing in its mission to kill you.

*Cujo by Stephen King - Goodreads*

Brett Camber is a young boy whose only companion is a Saint-Bernard named "Cujo", who in turn is bitten by a rabid bat. Whilst Vic, Donna's husband is away on business, and thinking over his marital troubles, Donna and her 5-year-old son Tad take her Pinto to Brett Cambers' dad's car shop... the car fails, and "Cujo" is very, very sick...

"A family's two-hundred-pound Saint Bernard is transformed by rabies and the insidious guidance of demonic forces into a terrifying monster" --

The story that is as grisly as Carrie and as ominous as the Shining. Copyright © Libri GmbH. All rights reserved.

*Cujo (novel) | Stephen King Wiki | Fandom*

Once upon a time, not so long ago, a monster came to the small town of Castle Rock, Maine . . . He was not a werewolf, vampire, ghoul, or unnameable creature from the enchanted forest or snow wastes; he was only a cop . . . Cujo is a huge Saint Bernard dog, the best friend Brett Camber has ever had. Then one day Cujo chases a rabbit into a bolt-hole. Except it isn't a rabbit warren any more. It is a cave inhabited by rabid bats. And Cujo falls sick. Very sick. And the gentle giant who once protected the family becomes a vortex of horror inexorably drawing in all the people around him . . .

Lee Gambin analyzes the film scene by scene, including exhaustive coverage of the production from its problematic early days with originally-assigned director Peter Medak to the final edit by ultimate director Lewis Teague.

Uncover the theories behind the Master of Horror's macabre tales: It, The Shining, Carrie, Cujo, Misery, Pet Semetary, and so much more! Gothic media moguls Meg Hafdahl and Kelly Florence, authors of The Science of Monsters and The Science of Women in Horror, and co-hosts of the Horror Rewind podcast called "the best horror film podcast out there" by Film Daddy, present a guide to the Stephen King stories and characters we all know and love. Through interviews, literary and film analysis, and bone-chilling discoveries, The Science of Stephen King delves into the uniquely horrific Stephen King universe to uncover the science behind the legendary novels that have become an integral part of modern pop culture, answering such questions as: What is the science behind time travel and parallel universes like in The Dark Tower series and 11/22/63? How does lack of sleep affect the human body like in Insomnia? Is it possible for horrific creatures to exist like in Nightshift? What is the science behind curses and legends like in Dreamcatcher and Thinner? Join Kelly and Meg as they learn if we all really do float down here!

Eight bestselling, award-winning writers return to the time-honoured tradition of the seasonal ghost story in this spellbinding collection of new and original haunted tales. Long before Charles Dickens and Henry James popularized the tradition of supernatural horror, the shadowy nights of winter have been a time for people to gather together by the flicker of candlelight and experience the intoxicating thrill of a spooky tale. Now nine bestselling, award-winning authors—all of them master storytellers of the sinister and the macabre—bring the tradition to vivid life in a spellbinding new collection of original spine-tingling tales. Taking you from the frosty fens of the English countryside, to the snow-covered grounds of a haunted estate, to a bustling London Christmas market, these mesmerizing stories will capture your imagination and serve as your indispensable companion to cold, dark nights. So curl up, light a candle, and fall under the ghostly spell of winters past . . .

A family moves into a beautiful old home in rural Maine, not realizing the horror that awaits them from the pet cemetery and Indian burial ground behind the house.

Looks at the interconnected elements in the works of Stephen King examining themes, plots, characters, influences, and TV and film adaptations.

It: Chapter Two—now a major motion picture! Stephen King’s terrifying, classic #1 New York Times bestseller, “a landmark in American literature” (Chicago Sun-Times)—about seven adults who return to their hometown to confront a nightmare they had first stumbled on as teenagers...an evil without a name: It. Welcome to Derry, Maine. It’s a small city, a place as hauntingly familiar as your own hometown. Only in Derry the haunting is real. They were seven teenagers when they first stumbled upon the horror. Now they are grown-up men and women who have gone out into the big world to gain success and happiness. But the promise they made twenty-eight years ago calls them reunite in the same place where, as teenagers, they battled an evil creature that preyed on the city’s children. Now, children are being murdered again and their repressed memories of that terrifying summer return as they prepare to once again battle the monster lurking in Derry’s sewers. Readers of Stephen King know that Derry, Maine, is a place with a deep, dark hold on the author. It reappears in many of his books, including Bag of Bones, Hearts in Atlantis, and 11/22/63. But it all starts with It. “Stephen King’s most mature work” (St. Petersburg Times), “It will overwhelm you...to be read in a well-lit room only” (Los Angeles Times).
