The Daewoo Lacetti is a compact car manufactured and marketed globally by GM Korea since 2002.. The first-generation Lacetti was available as a four-door sedan and five-door station wagon, styled by Pininfarina and five-door hatchback styled by Giorgetto Giugiaro. The sedan and wagon were marketed as the Suzuki Foreza in North America. The hatchback, was introduced in 2004 and marketed as ...

Lemon-Aid Used Cars and Trucks 20102011 shows buyers how to pick the cheapest and most reliable vehicles from the past 30 years of production. This book offers an exposé gas consumption lies, a do-it-yourself service manual, an archive of service bulletins granting free repairs, and more.

A guide to buying a used car or minivan features information on the strengths and weaknesses of each model, a safety summary, recalls, warranties, and service tips.

Lemon-Aid guides steer the confused and anxious buyer through the economic meltdown unlike any other car-and-truck books on the market. U.S. automakers are suddenly awash in profits, and South Koreans and Europeans

have gained market shares, while Honda, Nissan, and Toyota have curtailed production following the 2011 tsunami in Japan. Shortages of Japanese new cars and supplier disruptions will likely push used car prices through the roof well into 2012, so what should a savvy buyer do? The all-new Lemon-Aid Used Cars and Trucks 2012-2013 has the answers, including: More vehicles rated, with some redesigned models that don't perform as well as previous iterations downrated. More roof crash-worthiness ratings along with an expanded cross-border shopping guide. A revised summary of safety- and performance-related defects that are likely to affect rated models. More helpful websites listed in the appendix as well as an updated list of the best and worst "beaters" on the market. More "secret" warranties taken from automaker internal service bulletins and memos than ever.

These are in-depth profiles of India's biggest business barons. These are the men who are powering new India's leap into the 21st century; the faces behind the great Indian success story. You'll find them all here. The traditional big names of Indian industry: Ratan Tata and Kumar Mangalam Birla. The new gurus of information technology: Nandan Nilekani and Azim Premji. The wizards of the sunrise entertainment and telephony sector: Sunil Bharti Mittal, Subhash Chandra and Rajeev Chandrasekhar . And many more. Essential to the depth of these profiles is that all of the subjects sat down for hours to tell Vir Sanghvi about their hopes, their dreams and their heartbreaks. These are profiles based on fresh information, direct from the mouths of the men of steel themselves. Nobody who wants to understand the contours of the Indian success story can afford not to read this book. It is a highly readable insight into the new India.
