Provide your students with frequent, focused skills practice with this Reproducible Teacher's Edition. The reproducible format and additional teacher resources give you everything you need to help students master and retain basic skills.

"36 weekly lessons, each including: teacher resource page, geography vocabulary, reproducible map, two questions per day, challenge question, answer key; includes access to 36 downloadable maps"--Cover.

Give your seventh-graders the focused language arts practice they need to keep their language skills sharp. 36 weeks of practice covers standards-based skills such as: Vocabulary/Word Study affixes analogies base/root words figurative language homophones idioms spelling Punctuation punctuation: end of sentence, dialogue, letters, and run-on sentences apostrophes: contractions and possessives commas: series, dates, addresses, direct address/interjections, and compound and complex sentences semicolons Capitalization beginning of sentence books, songs, and poems proper nouns Grammar and Usage correct article, adjective, adverb, conjunction easily confused words sentences: parts, types, structure, fragments, and combining verbs: parts, tense, agreement with subject, usage, and spelling nouns: singular/plural, possessive, and proper pronouns: subject/object, possessive, and antecedents prepositional phrases/prepositions/objects of a preposition double negatives Other Skills dictionary guide words syllabication outlines

Maps and perforated, reproducible pages to help children become familiar with the function of maps and how to find locations on a map or globe. Correlated to National Geography Standards.

Supplement your social studies curriculum with 180 days of daily geography practice! This essential classroom resource provides teachers with weekly geography units that build students' geography knowledge, and are easy to incorporate into the classroom. In a world that is becoming more connected and globalized, 21st century students must have the skills necessary to understand their world and how geography affects them and others. Students will develop their map and spatial skills, learn how to answer text- and photo-dependent questions, and study the 5 themes of geography. Each week covers a particular topic and introduces students to a new place or type of map. The first two weeks consist of a mini-unit that focuses entirely on map skills. For additional units, students will study various places, and how culture and geography are related. With a focus on US states, students will explore various types of maps including physical maps, political maps, topographic maps, thematic maps, climate maps, and various topics including scale, legends, cardinal directions, latitude and longitude, and more. Aligned to state standards and National Geography Standards, this resource includes digital materials.

Supplement your social studies curriculum with 180 days of daily practice! This essential classroom resource provides teachers with weekly social studies units that build students' content-area literacy, and are easy to incorporate into the classroom. Students will analyze primary sources, answer text-dependent questions, and improve their grade-level social studies knowledge. Each week covers a particular topic within one of the four social studies disciplines: history, economics, civics, and geography. Aligned to the National Council for the Social Studies (NCSS) and state standards, this social studies workbook includes digital materials.

This Daily Practice series helps your students use their skills, so they won ' t lose them. There are five problems a day, every day, for 36 weeks. The practice activities are set up in a spiraling scope and sequence so that students practice skills at regular intervals. Each week ' s problems are based on a grade-level appropriate topic so every time a skill shows up, it has a new context, requiring students to dig into their memories, recall what they know, and apply it to a new situation. Correlated to state and national standards, this six book series provides daily math and daily language practice for grades 6, 7, and 8.

In Daily Geography Practice, Grade 5, 36 map lessons introduce basic geography skills and over 100 geography terms. What a perfect hands-on approach to geography instruction! The geography skills presented at Grade 5 include: globes compass roses map legends map grids and coordinates map scales physical country and continent maps projections regional maps road and tourist maps historical and cultural landmark maps population and product maps climate and time zone maps land use, product, and resource maps political country and world maps

Social Studies Daily Practice Workbook by ArgoPrep allows students to build foundational skills and review concepts. Our workbooks explore social studies topics in-depth with ArgoPrep's 5 E's to build social studies mastery.
