Make your own dry-cured pork delicacies at home with the know-how you'll learn from this book. Over the centuries, dry-cured pork has evolved as a food of the changing seasons. Its flavors are truly a taste of the landscape and climate, and they have served as a crucial, long-lasting food source for many cultures. Dry-cured pork is the ultimate slow food. It doesn't need to be complicated but it's important to have clear, step-by-step instructions. That's where Hector Kent comes in. Kent, a science teacher by trade, has written the book he wished he'd had when

In addition to basic recipes, Kent offers readers interviews, advice, and recipes from several trend-setting dry-curing operations across the country.

John L. Dagg's guide to theology offers superb spiritual insight from the viewpoint

of a senior preacher and theologian of the American Baptist movement. As Dagg's masterwork, the Manual of Theology is an honest and practical guide to the many aspects and qualities of Bible theology. Perhaps significantly, Dagg opens his great work with a chapter on inspiration - the fact that God inspired and communicated the Bible, and why all Christians should acknowledge this truth if they are to understand His guidance in their lives. Dagg also discusses the individual Christian life and soul. The penalty of losing one's soul, if indeed one sins to such an extent as to be distant from

the Lord, is confirmed to be the worst any person may suffer. However, Dagg continues on a more hopeful note: one's soul can be redeemed and saved, although the numbers of souls to have gained such redemption is only small.
