But when Daniel decides to go up against the sixth-deadliest criminal on his hit list, he may find that even his awesome abilities just aren't up to the task!

When his parents are murdered by an intergalactic criminal, Daniel X vows to take on his father's role as Earth's sole Alien Hunter. Life isn't easy, though, when you're a young boy on your own, tracking down the galaxy's deadliest outlaws. Luckily, Daniel has a gift: the ability to create anything he can imagine - including his parents, his sister, and his best friends, who are there to help him along the way. But when Daniel decides to go up against the sixth-deadliest criminal on his hit list, he may find that even his awesome abilities just aren't up to the task!

Daniel X's hunt to eliminate each and every intergalactic criminal on Earth is relentless, but this time, things are getting personal. Number three on the List of Alien Outlaws takes the form of raging fire - and fire reminds Daniel of the most traumatic event of his life, the horrifying murder of his parents. Daniel struggles with his extraordinary powers like never before, and more than ever is at stake: His best friends are in peril. The only way to save them is to go back - literally - to the demon's arrival during the Dark Ages.

James Patterson's bestselling science fiction franchise for younger readers is given the manga treatment with this lavishly illustrated adaptation. With supreme abilities, like being able to shape-shift and move objects with his mind, Daniel is strong enough to take on anything in the world.

In the sleepy town of Holliswood, a twisted alien TV producer is using his powers to throw the town into chaos - and documenting every minute of it. Fresh from his victory over Number 6, Daniel X is the only one who can stop this made-for-TV tyrant, but the devilish director has other plans. He wants to film the most spectacular finale the world has ever seen, starring Daniel himself! Can the Alien Hunter take down this deranged outlaw, or will he find himself on the cutting room floor?!

Possessing supernatural abilities that enable him to change animals, objects, and himself into any shape of his choosing, Daniel protects the earth from alien predators while seeking the entities responsible for the murders of his parents.

Yes, it's true: Daniel X is special. X-traordinarily special. He may be just a kid, but Daniel is strong enough to fight anything in the world. And it's a good thing, because not many guys you meet have a host of deadly criminals hunting them to the ends of the Earth. And none of them are extraterrestrials. Daniel is the only one who might be able to eliminate every last intergalactic evil on the List of Alien Outlaws on Terra Firma. Because the greatest superpower isn't to be part spider and part man, or to cast magic spells - the ultimate gift is the power to create.

ABOUT BOOK FIVE: Daniel Light and the EXILE OF ARADON What if the person you came to care for most was the only one who stood between you and what you wanted most? The conquest for the eradication of the Dark has been taken up by the second generation. Daniel's children, and the children of his associates are now embroiled in the great quest to rid the Realms of the Darkness. Daniel's eighteen-year-old daughter, Caelith, is on a quest: to distance herself from the ways of her father. On this quest she meets an outcast, a slightly younger man near her own age, who is magically prevented from going home. Together they form a union and Caelith is slowly turned back to the life, and politics and cause of her father, Daniel Gregoryson: The Prophecy. And also to securing the return of her companion, Evermon, to his homeland. But not before she is called upon to endure the trials that the Dark has in store for her friend and herself. A Kingdom in peril would fall to the youngest of three brothers, as the older Princes are off on quests of their own. The new Queen, the King's second wife, has other plans; promoting the rise of her own, foreign-born son to the Kingship. Unknown to the Queen, the Queen she replaced is being sought for secretly; as is the true identity of the new Queen. There is something not quite right about her. The Princess of Mirador, Daniel's daughter, self-exiled, seeks freedom from her impending royal responsibilities - for she is to be Queen there. Will it be exile for one Prince of Aradon, or will all three face replacement and banishment by an insanely jealous Queen? ABOUT THE SERIES: THE CHILDREN OF THE ORB A long time ago on a planet far away there lived The Race of Enchanters, beings of Light. As is ever the situation when Light is present, so, also, is Darkness. These Sorcerors, close kin to the Enchanters, seek to influence and destroy all that had been protected and created by the Light. Other magical beings and creatures inhabit these realms and are torn and divided by this constant battle between Light and Dark; events and prophecies are ignored by the Light, The Dark, and the neutral; allegiances change and shift; power over all being the end result, for some. Then comes word of The Prophecy of Light: a being to come in the median of time to lead the Forces of Light to victory. Thus the stage is set in Colabos for Daniel Light and the Children of the Orb. STORY NOTES: The stories of Two Black Birds and The Waters Of Life (Brothers Grimm) loosely provide a basic framework on which to hang this re-imagined tale about The Children Of The Orb, which also alludes to the origin of the stories we know and love on Planet Earth as having possibly come from beyond our own Earthly experience.
