good at her job: she can deter thieves and pacify thugs, if not with a blade, then by toppling an eight-foot pile of coffee canisters onto their heads. But when ravaged bodies show up on the waterfront, an arson covers up human sacrifices, and a powerful business coalition plots to kill the emperor, she feels a tad overwhelmed. Worse, Sicarius, the empire's most notorious assassin, is in town. He's tied in with the chaos somehow, but Amaranthe would be a fool to cross his path. Unfortunately, her superiors order her to hunt him down. Either they have an unprecedented belief in her skills... or

Sicarius thwarted kidnappers and saved the emperor's life. The problem? Nobody knows they were responsible for this good deed. Worse, they're being blamed for the entire scheme. With enforcers and bounty hunters stalking them, and the emperor nursing a personal hatred for Sicarius, it's going to be hard to earn exoneration. When Amaranthe's team discovers mutilated bodies in the city aqueducts and a mysterious illness incapacitates thousands of citizens, she and Sicarius see an opportunity to solve the mystery and prove their loyalty. Colonel Ridge Zirkander isn't the model of military professionalism—he has a tendency to say exactly what's on his mind, and his record has enough demerits to wallpaper the hull of an airship—but as the best fighter pilot in the Iskandian army, he's used to a little leniency from his superiors. Until he punches the wrong diplomat in the nose and finds himself issued new orders: take command

of a remote prison mine in the inhospitable Ice Blades Mountains. Ridge has never been in charge of anything larger than a flier squadron—what's he supposed to do with a frozen fortress full of murderers and rapists? Not to mention the strange woman who shows up right before he arrives... Sardelle Terushan wakes from three hundred years in a mage stasis shelter, only to realize that she is the last of the Referatu, the sorcerers who once helped protect Iskandia from conquerors. Their subterranean mountain community was blown up in a treacherous sneak attack by soldiers who feared their power.

Everyone Sardelle ever knew is dead, and the sentient soulblade she has been bonded to since her youth is buried in the core of the mountain. Further, what remains of her home has been infested by bloodthirsty miners commanded by the descendants of the very soldiers who destroyed her people. Sardelle needs help to reach her soulblade—her only link to her past and her last friend in the world. Her only hope is to pretend she's one of the prisoners while trying to gain the commander's trust. But lying isn't her specialty, especially when the world has changed so much in the intervening centuries,

and if Colonel Zirkander figures out who she truly is, he'll be duty-bound to sentence her to the only acceptable punishment for sorcerers: death.

The emperor has been ousted from the throne, his bloodline in question, and war is descending on the capital. Forge, the nefarious business coalition that has been manipulating the political situation from the beginning, has the ultimate weapon at its disposal. If it was difficult for a small team of outlaws—or, as Amaranthe has decided they should now be called, rebels—to make a

difference before, it's a monumental task now. If she's to return idealistic young Sespian to the throne, earn the exoneration she's sought for so long, and help her closest ally win the respect of the son who detests him, she'll have to employ an unprecedented new scheme... preferably without destroying the city—or herself—in the process.
