Set in an isolated, rundown community in the Peruvian Andes, a part mystery, part political allegory follows a series of disappearances that involve the Shining Path guerrillas and a local couple who performs Dionysian sacrifices. Reprint. 10,000 first printing.

Coming of age in mid-1950s Cuba where the local sugar and nickel production are controlled by

File Type PDF Death In The Andes Mario Vargas Llosa

American interests, Everly Lederer and KC Stites observe the indulgences and betrayals of the adult world and are swept up by the political underground and the revolt led by Fidel and Raul Castro. 75,000 first printing.

This wonderful detective novel is set in Peru in the 1950s. Near an Air Force base in the northern desert, a young airman is found murdered. Lieutenant Silva and Officer Lituma investigate. Lacking a squad car, they have to cajole a local cabbie into taking them to the scene of the crime. Their superiors are indifferent; the commanding officer of the air base stands in their way; but Silva and Lituma are determined to uncover the truth. *Who Killed Palomino Molero*, an entertaining and brilliantly plotted mystery, takes up one of Vargas Llosa's characteristic themes: the despair at how hard it is to be an honest man in a corrupt society.

A brilliant billionaire asset manager, en route via white stretch limo to the local haircutter, finds his trip interrupted by a presidential motorcade, music idol's funeral, movie set, and violent political demonstration, and receives a number of important visitors in the fields of security, technology, currency, finance, and theory. Reprint. 75,000 first printing.

“A thoughtfully observed travel memoir and history as richly detailed as it is deeply felt” (Kirkus Reviews) of South America, from Butch Cassidy to Che Guevara to cocaine king Pablo Escobar to Charles Darwin, all set in the Andes Mountains. The Andes Mountains are the world’s longest mountain chain, linking most of the countries in South America. Kim MacQuarrie takes us on a historical journey through this unique region, bringing fresh insight and contemporary connections to such fabled

characters as Charles Darwin, Che Guevara, Pablo Escobar, Butch Cassidy, Thor Heyerdahl, and others. He describes living on the floating islands of Lake Titicaca. He introduces us to a Patagonian woman who is the last living speaker of her language. We meet the woman who cared for the wounded Che Guevara just before he died, the police officer who captured cocaine king Pablo Escobar, the dancer who hid Shining Path guerrilla Abimael Guzman, and a man whose grandfather witnessed the death of Butch Cassidy. Collectively these stories tell us something about the spirit of South America. What makes South America different from other continents—and what makes the cultures of the Andes different from other cultures found there? How did the capitalism introduced by the Spaniards change South America? Why did Shining Path leader Guzman nearly succeed in his revolutionary quest while Che Guevara in Bolivia was a complete failure in his? “MacQuarrie writes smartly and engagingly and with...enthusiasm about the variety of South America’s life and landscape” (The New York Times Book Review) in *Life and Death in the Andes*. Based on the author’s own deeply observed travels, “this is a well-written, immersive work that history aficionados, particularly those with an affinity for Latin America, will relish” (Library Journal).

The latest masterpiece—perceptive, funny, insightful, affecting—from the Nobel Prize–winning author Nobel laureate Mario Vargas Llosa's newest novel, *The Discreet Hero*, follows two fascinating characters whose lives are destined to intersect: neat, endearing Felícito Yanaqué, a small businessman in Piura, Peru, who finds himself the victim of blackmail; and Ismael Carrera, a successful owner of an insurance company in Lima, who cooks up a plan to avenge himself against the two lazy sons who want him dead. Felícito and Ismael are, each in his own way, quiet, discreet rebels: honorable men trying to seize control of their destinies in a social and political climate where all can seem set in stone,

predetermined. They are hardly vigilantes, but each is determined to live according to his own personal ideals and desires—which means forcibly rising above the pettiness of their surroundings. *The Discreet Hero* is also a chance to revisit some of our favorite players from previous Vargas Llosa novels: Sergeant Lituma, Don Rigoberto, Doña Lucrecia, and Fonchito are all here in a prosperous Peru. Vargas Llosa sketches Piura and Lima vividly—and the cities become not merely physical spaces but realms of the imagination populated by his vivid characters. A novel whose humor and pathos shine through in Edith Grossman's masterly translation, *The Discreet Hero* is another remarkable achievement from the finest Latin American novelist at work today.

The Real Life of Alejandro Mayta is an astute psychological portrait of a modern revolutionary and a searching account of an old friend's struggle to understand him. First published in English in 1986, the novel probes the long and checkered history of radical politics in Latin America.

Mario Vargas Llosa's classic early novel takes place in a Peruvian town, situated between desert and jungle, which is torn by boredom and lust. Don Anselmo, a stranger in a black coat, builds a brothel on the outskirts of the town while he charms its innocent people, setting in motion a chain reaction with extraordinary consequences. This brothel, called the Green House, brings together the innocent and the corrupt: Bonificia, a young Indian girl saved by the nuns only to become a prostitute; Father Garcia, struggling for the church; and four best friends drawn to both excitement and escape. The conflicting forces that haunt the Green House evoke a world balanced between savagery and civilization -- and one

File Type PDF Death In The Andes Mario Vargas Llosa

that is cursed by not being able to discern between the two.

In 1995, Pablo Corral Vega began a journey that would take him the entire length of the Andes, the 5,000-mile chain of mountain ranges that extend from Patagonia to the shores of the Caribbean. For Corral Vega, who grew up in the shadow of the mountains in Ecuador, the journey was more than an adventure—it was a quest for identity. Corral Vega presents the Andes and South America as a continent of geographic extremes and remarkable human diversity, and his journal entries—in which he describes his encounters with the inhabitants of Spanish America who live on the Andes' slopes—imbue these photographs with even greater depth. Readers are granted rare insight into the peoples who live by the grace of, or despite, the formidable mountain ranges that make up the Andes chain. Inspired by Corral Vega's photographs, Mario Vargas Llosa, recognized as one of the world's great novelists, offers a lyrical tribute to the mountains he has known since childhood, through reminiscences real and imagined. Vargas Llosa's insights—poetic, poignant, and witty—are paired with Corral Vega's powerful photography to create a moving and unforgettable taste of one of the most dramatic regions on Earth.
