Online Library Debating The Athenian Cultural

Examines the changes in Athenian culture at the end of the fifth century BC.

Constructs a distinctive view of classical Athens, a view which takes seriously the evidence of archaeology and of art history.

This book investigates the claims made about classical Greece being the period and place in which Western civilization developed.

Alfonso Moreno presents a sweeping re-interpretation of the economy and society of ancient Athens, showing how the city depended for its survival on a supply of grain from overseas sources. The need for grain determined Athenian foreign policy, prompting military conquest, and revealing a Greek world as globalized as our own.

Explains why the democracy of classical

Online Library Debating The Athenian Cultural

Athens generously sponsored elite sport and idolised its sporting victors.

This book examines the impact of the Roman cultural revolution under Augustus on the Roman province of Greece. It argues that the transformation of Roman Greece into a classicizing 'museum' was a specific response of the provincial Greek elites to the cultural politics of the Roman imperial monarchy. Against a background of Roman debates about Greek culture and Roman decadence, Augustus promoted the ideal of a Roman debt to a 'classical' Greece rooted in Europe and morally opposed to a stereotyped Asia. In Greece the regime signalled its admiration for Athens, Sparta, Olympia and Plataea as symbols of these past Greek glories. Cued by the Augustan monarchy, provincial Greek notables expressed their Roman orientation by competitive cultural work (revival of ritual;

Online Library Debating The Athenian Cultural

restoration of buildings) aimed at further emphasising Greece's 'classical' legacy. Reprised by Hadrian, the Augustan construction of 'classical' Greece helped to promote the archaism typifying Greek culture under the principate.

Dr Farrar argues that the development of political theory accompanied the growth of democracy at Athens in the fifth century BC. By analysing the writings of Protagoras, Thucydides and Democritus in the context of political developments and speculation about the universe, she reveals the existence of a distinctive approach to the characterisation of democratic order, and in doing so demonstrates the virtues of Thucydides' historical conception of politics.

This 1999 book discusses the ways performance is central to the practice and

Online Library Debating The Athenian Cultural Ideology of Athenian democracy. Philosophy And Politics

Analyses how the democracy of the classical Athenians revolutionized military practices and underwrote their unprecedented commitment to war-making.

This book explores how democracy in Athens was recreated and the city rebuilt following the oligarchic revolutions of the fifth century BC.
