In Safe Words, which picks up where the Deviations series left off, Tobias, Noah and Phan are all working on finding their place, both at Bradford's club and in their personal lives. They're all living together, and Tobias has taken on the roll of full-time Dom, which he loves, but finds incredibly challenging. While Noah finds comfort in the new state of things and is looking forward to deeper submission, but Phan is finding it harder to strike a balance. Too many changes happening too fast are making Phan act out, and neither Tobias nor Noah are sure how to deal with it. Life is not perfect for Bradford, either, as he discovers new feelings for his sub Nikki. Can Tobias help his friend, manage his job teaching the other Doms, and his relationships with Noah and Phan, or will the house that he's built for himself fall down around their ears? The Deviations series includes: Deviations Submission, Deviations Domination, Deviations Discipline and Deviations Bondage.

In this sequel to Deviations: Submission, Dom Tobias and Sub Noah are back, learning more about each other and their relationship, testing the boundaries of what they can and cannot handle, both together and apart. Tobias works at becoming more comfortable and finding his balance as a full-time Master again. Meanwhile, his work brings out the true submissive in Noah, who faces some of his greatest fears, and his greatest secrets, confessing to Noah about a terrible time in his past. He's not the only one who has a rough time. Tobias breaks down and shows Noah he's not all dominance, too, which sends shockwaves through their romance, leaving them to wonder if they can keep it together. With a deep exploration of the BDSM scene, secondary characters who shine, and a romance that has the reader rooting for these men from the start, Deviations: Domination is one book you can't miss. Authors Chris Owen, writer of the popular Bareback, and Jodi Payne, writer of String of Pearls have done it again. Hard at work on a third book in the Deviations series, these authors have many more projects planned. Look for them to come from Torquere Press!

Tobias and Noah explore their relationships more deeply than they ever have, not just with their own dominance and submission, but with their friends. As Noah helps Tobias through the loss of someone dear, he finds Tobias helping him, too, leading him through some intense sexual games, breaking down the last of Noah's fears, and helping him face his biggest one. The cage. Meanwhile, Tobias' ex-lover, Phantom, becomes close friends with Noah as they discover and try to resist the simmering sexual tension between them. Their teasing turns to real support when Phantom reaches the breaking point thanks to the lack of a master in his life, something he desperately needs. While Bradford works to become that master, Tobias and Noah go to Paris, where they see the sights, go to sex clubs, and re-negotiate their contract. Returning from Paris to their own lives brings then all sorts of new difficulties, from deciding whether they should love together to trying to figure out just where Phantom belongs in their ever-changing relationship. Deviations: Discipline is the third book in the popular Deviations series, which begins with Deviations: Submission, and Deviations: Dominance. Chris Owen and Jodi Payne have another winner on their hands, a gripping, emotional tale that you won't want to miss!

Special edition of the Federal Register, containing a codification of documents of general applicability and future effect ... with ancillaries.

The Code of Federal Regulations is the codification of the general and permanent rules published in the Federal Register by the executive departments and agencies of the Federal Government.

The Code of Federal Regulations is a codification of the general and permanent rules published in the Federal Register by the Executive departments and agencies of the United States Federal Government.

Noah and Tobias come back from Paris with a renewed contract and a deeper personal bond. Too bad things don't go as smoothly at home. When they get back, they face a crisis that might just threaten their contract, and their personal intimacy. The crisis has a ripple effect, but Tobias and Noah finally learn that they can evolve with it, instead of collapsing. They experiment with scene after scene, making them longer, deeper, which allows them to explore more than they've ever dared. They even explore moving in together. When Noah is forced to face the danger of his job, he starts to question why he became a cop. Tobias is also questioning his job. Soon enough, their external life is changing enough that they're forced to lean on each other to sustain them. Can they achieve a comfortable balance between their outside life, their scenes, and their love? Noah and Tobias, along with their friends, appear in Deviations: Submissions, Deviations: Domination, and Deviations: Discipline.
