Gabby St. Claire is determined to get back in the saddle again. While in Oklahoma for a forensic conference, she meets her soon-to-be stepbrother Trace Ryan, an up-and-coming country singer. Trace shares that a woman he was dating went missing a month ago, and he suspects a crazy fan girl may be behind her disappearance. Gabby can't pass up the opportunity to investigate. But her schedule is tricky as she tries to juggle her conference, navigate being alone in a new place, and locate a woman who may not want to be found. She discovers that sometimes taking life by the horns means staring danger in the face, no matter the consequences.

Aspiring actress. Temp worker. Shoplifter. For Melanie Zeitgar, stealing is a lot like love: she knows the right thing when she sees it. Unfortunately, she sees it everywhere. She doesn't mean to take things. Just like she doesn't mean to fib about her career. Or continue eating chocolate. Or wait for a call from Ray, the Beautiful Musician Who Must Have Been in a Horrible Accident that Broke His Dialing Fingers. Melanie's number one rule—in life, love, and theft—is this: Don't Get Caught. But sometimes, even the best kleptomaniac has an off day. Now, with every part of her life veering out of control, Melanie's met a guy whose heart is hers for the taking—if she's brave enough to pay the price . . . "Funny, outrageous, and touching." —Holly Chamberlin, author of The Summer Nanny

With all the warnings against women being pregnant after 35, I started to observe people who are pregnant during the [late age]. I cursed myself for not having this urge when I was

30, not a couple of years away from 40. Well, Nicole Kidman was having her first baby at 41, but obviously I'm not a Hollywood starlet with an army of top-notch doctors and babysitters. Or should I opt for adoption instead?

After witnessing an armed robbery, a woman in danger needs a bodyguard's protection in this suspenseful romance from USA TODAY bestselling author Christy Barritt, part of The Security Experts series. When Elle Philips witnesses an armed robbery while standing in line at the bank, she sets into motion a deadly game of cat and mouse. Mark Denton, a security contractor and former Navy SEAL, also witnesses the robbery, and is hired by Elle's father to keep his daughter safe following the incident. And while Denton's desire to protect Elle goes beyond professional bounds, he cannot let personal feelings cloud his judgment—judgment he'll have to rely on when the robbers' true motives are revealed...and Elle becomes a target in the ultimate plot of revenge. Experience more action-packed mystery and suspense in the rest of The Security Experts series by Christy Barritt: Key Witness Lifeline High-Stakes Holiday Reunion From Love Inspired Suspense: Courage. Danger. Faith.

The Vatican has lost its most closely held secret--irrefutable proof of a woman Messiah named Sophia. Born in the Holy Land in 310 AD, Sophia was known for performing healing miracles. Her divinity threatened early Christian dogma and she was executed as a girl by Church authorities. In the present, Kate Sheridan visits Switzerland with her husband, where she expects to purchase the estate of a German art collector. But before Kate can complete the transaction, they are drawn into a thousand-year-old web of conspiracy and intrigue that begins and ends with the mystery of Sophia--and all the powerful forces who share the objective of protecting their patriarchies from a divinely feminine truth. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

A forensic scientist wannabe becomes a remarkable crime solver in this CSI-type mystery. Guaranteed fiction!

How did cranes come to symbolize matrimonial happiness? Why were magpies the only creatures that would not go inside Noah's Ark? Birds and bird imagery are integral parts of our language and culture. With her remarkable ability to dig up curious and captivating facts, Diana Wells hatches a treat for active birders and armchair enthusiasts alike. Meet the intrepid adventurers and naturalists who risked their lives to describe and name new birds. Learn the mythical stories of the gods and goddess associated with bird names. Explore the avian emblems used by our greatest writers--from Coleridge's albatross in "The Ancient Mariner" to Poe's raven. A sampling of the bird lore you'll find inside: Benjamin Franklin didn't want the bald eagle on our National Seal because of its "bad moral character," (it steals from other birds); he lobbied for the turkey instead. Chaffinches, whose Latin name means "unmarried," are called "bachelor birds" because they congregate in flocks of one gender. Since mockingbirds mimic speech, some Native American tribes fed mockingbird hearts to their children, believing it helped them learn language. A group of starlings is called a murmuration because they chatter so when they roost in the thousands. Organized alphabetically, each of these bird tales is accompanied by a two-color line drawing. Dip into 100 Birds and you'll never look at a sparrow, an ostrich, or a wren in quite the same way.

The proliferation of new digital technologies has given rise to an entirely changed media landscape and revolutionized how we seek entertainment. Older entertainment media like novels, radio, and film have been joined by a host of digital media that smartphones allow us to carry almost anywhere and at all times, from video games and social media to video on demand services. This unprecedented ubiquity of entertainment media calls for new and more sophisticated theories that help us understand the fascination that different entertainment media exert on us and how they change the human experience. The Oxford Handbook of Entertainment Theory surveys and furthers the most influential psychology-driven research on media entertainment to illuminate how people are drawn into media experiences. The 41 chapters in this Handbook not only offer fresh perspectives on established theories but also introduce emerging models and highlight the importance of considering the diverse backgrounds of media users when conducting research. They also cover the motivations and reactions of media users in relationship to different types of media, the trend towards interactive media such as video games and virtual reality, and particularly popular media contents like sexuality, violence, sports, and the news. As the most comprehensive overview of psychology-based research on media entertainment available, this Handbook is an invaluable resource for seasoned researchers and those beginning to learn about the field alike.

Be the first to find out what happens in the My Little Pony Movie with this gorgeous full-colour Early Reader, perfect for young pony fans. In this Early Reader, the story of the movie is told simply for young pony fans just starting their reading adventure. Join Twilight Sparkle and all her friends in their biggest adventure yet as they meet BRAND-NEW characters and explore amazing new places. With your pony friends, reading is magic!
