This volume is a comprehensive collection of critical essays on *The Taming of the Shrew*, and includes extensive discussions of the play's various printed versions and its theatrical productions. Aspinall has included only those essays that offer the most influential and controversial arguments surrounding the play. The issues discussed include gender, authority, female autonomy and unruliness, courtship and marriage, language and speech, and performance and theatricality.

First published in 2002. Routledge is an imprint of Taylor & Francis, an informa company.

Based on American rather than British English, this is among the first Russian dictionaries revised for the post-Soviet era. Includes new political terminology, new Russian institutions, new countries and republics and new city names. Contains 26,000 entries in the English-Russian section and 40,000 words in the Russian-English section.
