<i>Din 6935 K Factor Chold Hol - m.old.zappa-club.co.il</i>
The K factor of Covid-19 could be as low as 0.1, according to some research, which is lower than that of SARS (0.16) and MERS (0.25), and far below the figure for the flu (1).

<i>Engineering Design - 10th Edition</i>
This textbook focuses specifically on the combined topics of irrigation and drainage engineering. It emphasizes both basic concepts and practical applications of the latest technologies available. The design of irrigation, pumping, and drainage systems using Excel and Visual Basic for Applications programs are explained for both graduate and undergraduate students and practicing engineers. The book emphasizes environmental protection, economics, and engineering design processes. It includes detailed chapters on irrigation economics, soils, reference evapotranspiration, crop evapotranspiration, pipe flow, pumps, open-channel flow, groundwater, center pivots, turf and landscape, drip, orchards, wheel lines, hand lines, surfaces, greenhouse hydroponics, soil water movement, drainage systems design, drainage and wetlands contaminant fate and transport. It contains summaries, homework problems, and color photos. The book draws from the fields of fluid mechanics, soil physics, hydrology, soil chemistry, economics, and plant sciences to present a broad interdisciplinary view of the fundamental concepts in irrigation and drainage systems design.

<i>Malnutrition in the Arab Republic of Egypt</i>
Malnutrition is a huge burden on the Arab Republic of Egypt’s economy. Undernutrition—manifested by poor linear growth (stunting), wasting, and micronutrient deficiencies in children and by anemia among women of reproductive age—collectively saps an estimated two percent of Egypt’s annual gross domestic product through forgone productivity and health care costs, representing an economic hemorrhaging of billions of U.S.Á dollars per year. Adding to this challenge is the co-occurrence of overweight and obesity among children, leading to a malnutrition doubleÁ burden. Scaling Up Nutrition in the Arab Republic of Egypt aims to inform theÁ development of nutrition policy and guide nutrition investments over the coming years. It reviews Egypt’s nutrition situation, theÁ interventions currently in place, and the opportunities, costs, benefits, and fiscal space implications of scaling up a set of high-impact interventions to address undernutrition. The book, a collaborative effort between the World Bank and UNICEF, is targeted at all those involved in developing and implementing nutrition interventions in Egypt and beyond.

<i>Furniture Markets in the United States, Canada, China, Japan, Egypt, France, Germany, Belgium, the Netherlands, Luxembourg, Spain, Italy, Denmark, and Sweden</i>
This publication reviews wooden furniture markets in United States, Canada, China, Japan, Egypt, France, Germany, Belgium, the Netherlands, Luxembourg, Spain, Italy, Denmark, and Sweden. For each country, it provides an overview of basic demand factors and market drivers, the domestic furniture industry, market trends and developments, distribution channels, and market access conditions. It deals with technical standards, as well as international and national certification schemes in the furniture sector, and identifies furniture networks and clusters. It outlines a strategy for developing the wooden furniture sector in tropical countries and outlines step-by step value-added processing of wooden furniture in tropical countries, based on local conditions. It also includes statistical data, selected German furniture standards, a list of useful contacts in China, and list of members of the Global Forest and Trade Network.

<i>Drought Management in the Near East and North Africa Region</i>
The report assesses the occurrence and impacts of drought, the current policies underlying drought management as well as the mitigation measures and responses adopted in the Near East and North Africa region, with a focus on the Agriculture Sector. It is the third of a series of similar studies carried out in different regions and countries of the world, with the objective of shedding light on drought effects, sensitizing policy-makers for the much needed paradigm shift to pro-active drought management planning and providing guidance for the development of such policies. The studies are carried out by FAO, in collaboration with the Water for Food Institute, University of Nebraska-Lincoln, USA, as a direct contribution to FAO’s Strategic Objective "increasing the resilience of livelihoods to disasters" and Strategic Objective "make agriculture, forestry and fisheries more productive and sustainable".

<i>Intuitive Eating</i>
We’ve all been there-angry with ourselves for overeating, for our lack of willpower, for failing at yet another diet that was supposed to be the last one. But the problem is not you, it’s that dieting, with its emphasis on rules and regulations, has stopped you from listening to your body. Written by two prominent nutritionists, Intuitive Eating focuses on nurturing your body rather than starving it, encourages natural weight loss, and helps you find the weight you were meant to be. Learn: *How to reject diet mentality forever *How our three Eating Personalities define our eating difficulties *How to feel your feelings without using food *How to honor hunger and feel fullness *How to follow the ten principles of Intuitive Eating, step-by-step *How to achieve a new and safe relationship with food and, ultimately, your body With much more compassionate, thoughtful advice on satisfying, healthy living, this newly revised edition also includes a chapter on how the Intuitive Eating philosophy can be a safe and effective model on the path to recovery from an eating disorder.

<i>Women in the American Workforce</i>
Over the past three decades, a significantly greater proportion of women have participated in the American workforce, & women have made substantial inroads into higher-paying occupations. This report presents historical & current labor force & earnings data for women & men from the Current Population Survey (CPS). The CPS is a national monthly survey of approx. 60,000 households, conducted by the U.S. Census Bureau for the Bureau of Labor Statistics (BLS). Unless otherwise noted, data are annual averages from the CPS. Statistical tables. Numerous charts & tables.

<i>Social Psychology, [2016]</i>
Revised edition of the authors’ Social psychology, [2016]

<i>Chronic Hepatitis C Virus: Lessons from the Past, Promise for the Future</i>
Chronic Hepatitis C Virus: Lessons from the Past, Promise for the Future documents the monumental advances that have been made in our understanding of chronic HCV during the past decade. The first section reviews the natural history of chronic HCV, how this virus can affect other organs in addition to the liver, and whether treating chronic HCV alters the natural history of this disease. Section 2 reviews the advances that have been made in the treatment of chronic HCV during the past decade with interferon based therapy. Separate chapters on response guided therapy and how to manage the adverse events associated with these medications provide the physician with the concepts required to more effectively treat chronic HCV now and in the future. As the genetics of virologic response have recently been elucidated, a chapter is devoted to

helping the clinician understand how genes that modulate disease processes and their treatment are identified and utilized in clinical care. Section 3 deals with the future of HCV treatment and specific inhibitors of HCV. Specific chapters explain how targets for drugs are identified and how drugs are then developed and tested; how mutations of HCV develop and how anti-viral agents will affect this process; the most up to date data regarding the treatment of chronic HCV with peginterferon, ribavirin and anti-viral agents; and the potential to treat chronic HCV with just oral anti-viral agents and without peginterferon and ribavirin in the future. The final section of this book covers issues related to liver transplantation in patients with chronic HCV. Separate chapters review the natural history of chronic HCV in liver transplant recipients and the impact of utilizing HCV positive donors. The volume concludes with chapters that cover the treatment of chronic HCV both prior to and after liver transplantation with potent anti-viral agents. Chronic Hepatitis C Virus: Lessons from the Past, Promise for the Future is a valuable resource for all physicians caring for patients with chronic HCV.
