Donald Macleod traces Malcolm Arnold's own interest in being a composer for the people. Sir Malcolm Arnold was a prolific composer, writing music in many different genres ranging from nine ...

A bibliographic survey of the twentieth-century English composer, Sir Malcolm Arnold.

First published in 2003. 'All of my music is biographical' declared Sir Malcolm Arnold in an interview in 1991. Arnold's turbulent life

Online Library Divertimento Flute Oboe Clarinet Malcolm Arnold

has permeated his music to a greater degree than probably any other British composer as Paul Jackson reveals in this illuminating account. Interweaving biographical details with close analyses of Arnold's major works, particularly the nine symphonies, and drawing on sketch materials never previously examined, Jackson provides fascinating insights into Arnold's compositional process, and the ideas informing works such as the John Field Fantasy and the 7th Symphony. Extensive interviews with Arnold himself as well as with his family, friends and colleagues add further perspectives on his relationships with fellow composers and musicians, publishers, critics and family. A combination of joie de vivre and periods of depression and personal tragedy, Arnold's life has mirrored his music in its combination of seemingly disparate elements that make a compelling whole.

Includes miscellaneous newsletters (Music at Michigan, Michigan Muse), bulletins, catalogs, programs, brochures, articles, calendars, histories, and posters.

Online Library Divertimento Flute Oboe Clarinet Malcolm Arnold

An annotated survey of published materials for chamber, concertante, and vocal music originally conceived for wind instruments.

The British horn player Dennis Brain (1921-1957) is commonly described by such statements as "the greatest horn player of the 20th Century," "a genius," and "a legend." He was both a prodigy and popularizer, famously performing a concerto on a garden hose in perfect pitch. On his usual concert instrument his tone was of unsurpassed beauty and clarity, complemented by a flawless technique. The recordings he made with Herbert von Karajan of Mozart's horn concerti are considered the definitive interpretations. Brain enlisted in the English armed forces during World War II for seven years, joining the National Symphony Orchestra in wartime in 1942. After the war he filled the principal horn positions in both the Philharmonia and Royal Philharmonic Orchestras. He later formed his own wind quintet and began conducting. Composers including Benjamin Britten and Paul Hindemith lined up to write music for him. Even fifty years after his tragic death at the age of 36 in an auto accident in 1957, Peter Maxwell Davies was commissioned to write a piece in his honor. Stephen Gamble and William Lynch have conducted numerous interviews with family, friends, and

colleagues and uncovered information in the BBC archives and other lesser known sources about recordings that were previously unknown. This volume describes Brain's life and analyzes in depth his musical career. Its appendices of information on performances will appeal to music historians, and its details on Brain's instruments and equipment will be useful to horn players.
