The co-creators of HBO's acclaimed comedy break down Banshee inspirations, good network notes, and a regular reaction that "really bothers" them.

This title is part of UC Press's Voices Revived program, which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach, and impact. Drawing on a backlist dating to 1893, Voices Revived makes high-quality, peer-reviewed scholarship accessible once again using print-on-demand technology. This title was originally published in 1975.

Beginning with the Weathermen explosion in Greenwich Village and ending with punk, the seventies was the age of extremes; sex, drugs and, of course, rock 'n' roll. With an extraordinary cast of characters, and even more extraordinary anecdotes, *In The Seventies* tells, firsthand, the story - and stories - of the decade. From Allen Ginsberg's hippie commune in upstate New York to the time Miles spent cataloguing William Burroughs' archives in London, from David Bowie in drag to Grace Jones naked at Studio 54, it's all here. Vivid,

compelling, intimate and, sometimes, insane, Barry Miles reveals the truth behind this legendary era.

Drawing from his teenage years, Todd Strasser's novel revisits a tumultuous era and takes readers on a psychedelically tinged trip of a lifetime. With his girlfriend, Robin, away in Canada, eighteen-year-old Lucas Baker's only plans for the summer are to mellow out with his friends, smoke weed, drop a tab or two, and head out in his microbus for a three-day happening called the Woodstock Music and Art Fair. But life veers dramatically off track when he suddenly finds himself in danger of being drafted and sent to fight in Vietnam. If that isn't heavy enough, there's also the free-loving (and undeniably alluring) Tinsley, who seems determined to test Lucas's resolve to stay faithful to Robin; a frighteningly bad trip at a Led Zeppelin concert; a run-in with an angry motorcycle gang; parents who appear headed for a divorce; and a friend on the front lines in 'Nam who's in mortal danger of not making it back. As the pressures grow, it's not long before Lucas finds himself knocked so far down, it's starting to look like up to him. When tuning in, turning on, and dropping out is no longer enough, what else is there?

The electrifying story of the turbulent year when the sixties ended and America teetered on the edge of revolution **NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE ST. LOUIS POST-DISPATCH** As the 1960s drew to a close, the United States was coming apart at the seams. From August 1969 to August 1970, the nation witnessed nine thousand protests and eighty-four acts of arson or bombings at schools across the country. It was the year of the My Lai massacre investigation, the Cambodia invasion, Woodstock, and the Moratorium to End the War. The American death toll in Vietnam was approaching fifty thousand, and the ascendant counterculture was challenging nearly every aspect of American society. Witness to the Revolution, Clara Bingham's unique oral history of that tumultuous time, unveils anew that moment when America careened to the brink of a civil war at home, as it fought a long, futile war abroad. Woven together from one hundred original interviews, Witness to the Revolution provides a firsthand narrative of that period of upheaval in the words of those closest to the action—the activists, organizers, radicals, and resisters who manned the barricades of what Students for a Democratic Society leader Tom Hayden called “the Great Refusal.” We meet Bill Ayers and Bernardine Dohrn of the Weather Underground; Daniel Ellsberg, the former Defense Department employee who released the Pentagon Papers; feminist theorist Robin Morgan; actor and activist Jane Fonda; and many others whose powerful personal stories capture the essence of an era. We witness how the killing of four students at Kent State turned a straitlaced social worker into a hippie, how the civil rights movement gave birth to the women's movement, and how opposition to the war in Vietnam turned college students into prisoners, veterans into peace marchers, and intellectuals into bombers. With lessons that can be applied to our time, Witness to the Revolution is more than just a record of the death throes of the Age of Aquarius. Today, when America is once again enmeshed in racial turmoil, extended wars overseas, and distrust of the government, the insights contained in this book are more relevant than ever. Praise for Witness to the Revolution “Especially for younger generations who didn't live through it, Witness to the Revolution is a valuable and entertaining primer on a moment in American history the likes of which we may never see again.”—Bryan Burrough, *The Wall Street Journal* “[One of the] best paperbacks of 2017 so far . . . The book is a rich tapestry of a volatile period in American history.”—*Time* “A gripping oral history of the centrifugal social forces tearing America apart at the end of the '60s . . . This is rousing reportage from the front lines of US history.”—*O: The Oprah Magazine* “The familiar voices and the unfamiliar ones are woven together with documents to make this a surprisingly powerful and moving book.”—*New York Times Book Review* “[An] Enthralling and brilliant chronology of

## Download Free Doent Docs On Hippie Barry Miles

the period between August 1969 and September 1970.”—Buffalo News “[Bingham] captures the essence of these fourteen months through the words of movement organizers, vets, students, draft resisters, journalists, musicians, government agents, writers, and others. . . . This oral history will enable readers to see that era in a new light and with fresh sympathy for the motivations of those involved. While Bingham’s is one of many retrospective looks at that period, it is one of the most immediate and personal.”—Booklist

Booklist Top of the List Reference Source The heir and successor to Eric Partridge's brilliant magnum opus, *The Dictionary of Slang and Unconventional English*, this two-volume *New Partridge Dictionary of Slang and Unconventional English* is the definitive record of post WWII slang. Containing over 60,000 entries, this new edition of the authoritative work on slang details the slang and unconventional English of the English-speaking world since 1945, and through the first decade of the new millennium, with the same thorough, intense, and lively scholarship that characterized Partridge's own work. Unique, exciting and, at times, hilariously shocking, key features include: unprecedented coverage of World English, with equal prominence given to American and British English slang, and entries included from Australia, New Zealand, Canada, India, South Africa, Ireland, and the Caribbean emphasis on post-World War II slang and unconventional English published sources given for each entry, often including an early or significant example of the term's use in print. hundreds of thousands of citations from popular literature, newspapers, magazines, movies, and songs illustrating usage of the headwords dating information for each headword in the tradition of Partridge, commentary on the term's origins and meaning New to this edition: A new preface noting slang trends of the last five years Over 1,000 new entries from the US, UK and Australia New terms from the language of social networking Many entries now revised to include new dating, new citations from written sources and new glosses *The New Partridge Dictionary of Slang and Unconventional English* is a spectacular resource infused with humour and learning – it's rude, it's delightful, and it's a prize for anyone with a love of language.

From two-time National Book Award finalist Deborah Wiles, the remarkable story of two cousins who must take a road trip across America in 1969 in order to let a teen know he's been drafted to fight in Vietnam. Full of photos, music, and figures of the time, this is the masterful story of what it's like to be young and American in troubled times.

Both a medical drama and meditation on motherhood, *The Water Giver* is Joan Ryan's honest account of her doubts and mistakes in raising a learning-disabled son and the story of how his near-fatal accident gave her a second chance as a parent.

Iconoclast; visionary; homosexual crusader; drug advocate; teacher and elder statesman to Jack Kerouac, Allen Ginsberg and the Beats; anti-hero guru to each successive counter-culture generation: William S. Burroughs remains one of the most complex and controversial American writers of the twentieth century. A longtime heroin addict, Burroughs preferred to live abroad, away from America's Draconian drug laws. After killing his wife in a bizarre shooting accident, he moved to Tangier where he lived in male brothel and wrote his celebrated bestseller *Naked Lunch* - in *Newsweek's* words 'A masterpiece. A cry from Hell' - as a series of letters to Allen Ginsberg. He lived at the Beat Hotel in Paris and spent a decade in London before returning as prodigal son to New York in 1974 after 25 years of self imposed exile.

Over the Top Judaism offers criticism of scores of television episodes and films, mainly

## Download Free Doent Docs On Hippie Barry Miles

between 1980 and 2002, that highlight the beliefs and practices of Judaism, real or perceived. Author Elliot Gertel examines parallels and precedents in both media, and organizes the works topically, concluding with the most promising efforts. Chapters on classic television episodes cite interviews with writers and producers from Gertel's rare oral histories.
