HowExpert publishes quick 'how to' guides on all topics from A to Z by everyday experts.

Following the success of Japanese Comickers, this book profiles twelve Japanese and Korean artists working in anime and manga -- all of whom eagerly discuss their work and share their thoughts on this incredible and increasingly popular genre. Some featured artists use digital tools to create their work, while others work in more traditional media. Each of the twelve profiles in Japanese Comickers 2 includes a brief biography of the artist, a visual of his or her most representative work, and a pictorial gallery with detailed explanations of their techniques. Also included is information on the materials used by each artist and a glossary of terms unique to manga and anime. A showcase of the cutting-edge vanguard of anime and manga illustration and a valuable how-to guide for aspiring artists, Japanese Comickers 2 is an essential addition to every fan's library.

You want to draw manga, and Manga University will show you how. You'll get VERY good at this. After all, we've been teaching people just like you for more than 20 years. "How to Draw Manga: Basics and Beyond!" is the latest in Manga University's lineup of best-selling instructional books. The book features more than 1,000 illustrations drawn by Japanese manga artists whose work has appeared in leading publications, including Shonen Sunday and Young Jump. You will learn how to draw like a professional because your teachers are professionals. We've divided the book into four easy-to-follow chapters that will have you drawing original characters from head to toe in no time at all: Heads First! We begin at the top, with a chapter on how to draw heads. After all, heads are the first thing most people notice, in both art and out in the real world. And in art, just like in the real world, you want to make sure your characters make a vivid first impression ... whether they're completely human, or totally out-of-this-world. Let's Make Faces! The expression the eyes are the window to the soul is particularly true when it comes to manga. You can tell a lot about a character's personality by peering into their eyes. In this chapter, we explain the basics of drawing eyes. But we don't stop there. We also cover noses, mouths, ears, and hair. All About Bodies! Once we've covered faces, we move on to teaching you all about drawing bodies. We go over the differences between male and female body proportions, count heads to determine the heights of our characters, and learn how to draw hands, arms, feet, and legs. Strike a Pose! Our book's final chapter is all about making a physical statement. We show characters standing tall, sitting down, throwing punches, giving hugs, and more. Because even beautifully drawn characters look boring if they're frozen stiff. The book also includes a section on manga tools. Plus, you'll get to know the artists who contributed to the book through exclusive interviews in which they talk about their favorite manga and anime series, hobbies, how they work, and more!

Dark Horse's second volume of Japan's leading manga and anime instructional magazine is on the way! Learn the techniques of Japan's top manga and anime artists in Style School, showing step-by-step methods to help today's up-and-coming illustrators master the use of pen, brush, paint, marker, screen tones, computer modeling, and other tricks of the trade. Gain insight into the weapons of choice of today's top creators, especially those brands and tools that are so hard to find outside Japan. See for the first time the eye-popping art of tomorrow's manga and anime stars, with page after gorgeous page of spectacular visual imagination. And find out how to submit your work to be considered for publication in upcoming issues of SS Magazine in Japan!

Manga is the comic book. Manga characters have very unique features unlike any other cartoon. The eyes and head are enlarged, the facial features are simplified, and the backgrounds are often highly detailed. If you've watched enough anime or read enough manga the style should be ingrained into your memory. In this book, we will introduce some basic knowledge of girly comics. In fact, it is not difficult to draw a lively and cute beautiful girl. This guide will teach you how to draw in the manga art style from beginning to end-even if you have zero drawing experience! Tags: manga drawing books, manga drawing, manga drawing kit, manga drawing books for beginners, manga draw book, manga crash course fantasy how to draw anime and manga step by step, how to draw action manga, draw your own manga all the basics, how to draw manga, drawing manga, draw manga faces for expressive characters, how to

From Japanime's award-winning Manga University imprint comes the second volume of Manga Without Borders, a stunning compendium of Japanese-inspired comic illustrations created by artists from all four corners of the world. This all-new collection continues the tradition established in the first volume, presenting works that reflect the unmistakable influence Japanese manga has had on artists in Europe, North and South America, Asia, Africa, India and Oceania, but also the unique cultural perspectives those artists themselves have brought to the genre. Each full-page illustration is presented alongside a written profile of its creator. You'll discover how these brilliant young artists were first exposed to manga, to whom they look for inspiration, which tools they consider essential, and what motivates them to continue drawing. Behold the brave new world of Manga Without Borders!

Offers guidance of drawing Manga characters and effects.
