Josephine Angelini has written another masterpiece! This story is so fast paced that I felt breathless in places! The descriptions of Hades, Persephone, Ares and the Furies are so lifelike, that I could imagine them quite clearly. So too was the Underworld; it made me thirsty just reading about it! I hope that I don't have that journey to look forward to when it's my time! I am now looking ...

With help from her new friend Orion, seventeen-year-old Helen Hamilton descends into the Underworld in search of a way to break the Furies' blood curse and prevent the start of another Trojan War.

StarHearts, as fans of Josephine Angelini call themselves, will stay up all night reading Dreamless, the second book in the bestselling Starcrossed series. The saga mixes mythology, romance, action, and intrigue in a completely original way. Dreamless continues the story of Helen Hamilton, a shy girl living on Nantucket Island whose desire for an ordinary life was thwarted when she discovered she is a Scion, a descendant of a Greek god and a mortal. Each Scion has a power, and Helen's is the ability to travel to Hades. Helen is determined to use her talent to stop a war amongst the gods and change her destiny, which is to live a life patterned after that of the tragic Helen of Troy. But her quest may cost her Lucas Delios, the boy she loves.

Tasked with descending to the underworld and killing the furies so that the Scions can stop fighting amongst themselves, Helen must endure hellish torture whenever she goes to sleep - she wanders around the various levels of hell with no idea how to complete her task, and she's beginning to suffer from extreme exhaustion. Helen carries on with her mission, and for the first time meets another person down in the shadowy underworld: Orion, descended from Adonis and with the power to control desire, he is the heir to the house of Rome and an outcast. He's also kind of hot. Confused by her conflicting emotions but glad to have an ally in hell, Helen begins to realise the enormity of her task...

"A Must Read Romance. This is one of the best books I've read this year. It has everything a book should have: action, adventure, violence, a butt-kicking heroine and one hot hero." –USA Today This world is trying to kill Lily Proctor. Her life-threatening allergies make it increasingly difficult to live a normal life, and after a completely humiliating incident ruins her first (and perhaps only) real party, she's ready to disappear. "Come and be the most powerful person in the world." Suddenly, Lily finds herself in a different Salem. One overrun with horrifying creatures and ruled by powerful women—including Lillian, this world's version of Lily. "It will be terrifying. It was for me." What made Lily weak at home, makes her extraordinary here. It also puts her in terrible danger. Faced with new responsibilities she can barely understand and a love she never expected, Lily is left with one question: How can she be the savior of this world when she is literally her own worst enemy?

This ebook bundle features both *Starcrossed* and *Dreamless*, the first two books in the bestselling *Starcrossed* series by Josephine Angelini. *Starcrossed*: When shy, awkward Helen Hamilton sees Lucas Delos for the first time she thinks two things: the first, that he is the most ridiculously beautiful boy she has seen in her life; the second, that she wants to kill him with her bare hands. With an ancient curse making them loathe one another, Lucas and Helen have to keep their distance. But sometimes love is stronger than hate, and not even the gods themselves can prevent what will happen . . . *Dreamless*: Tasked with descending to the underworld and killing the Furies, Helen must endure hellish torture whenever she goes to sleep – she wanders around the various levels of hell with no idea how to complete her task, and she's beginning to suffer from extreme exhaustion. Although she still trains with the Delos clan, Helen and Lucas are coming to terms with the fact that they cannot be together. Lucas believes that the only way Helen will complete her quest is if he leaves her alone completely, so he tells her he doesn't want to see her again and that he never loved her. Distraught, Helen carries on with her mission, and for the first time meets another person down in the shadowy underworld: Orion, descended from Adonis and with the power to control desire, he is the heir to the house of Rome and an outcast. He's also kind of hot. Confused by her conflicting emotions but glad to have an ally in hell, Helen begins to realize the enormity of her task . . . The trilogy is complete with the final book, *Goddess*.

International bestselling author Josephine Angelini concludes her action-packed *Starcrossed* trilogy with *Goddess*—a romantically-charged page-turner that *Newsday* raved was a "clever reworking of Greek mythology." After Helen Hamilton accidentally unleashes the violent gods from their captivity on Olympus, she and her friends must imprison them before their thirst for war—and blood—take over the world. But the gods' fury already has a body count, and time is running out. With Lucas Delos's life hanging in the balance, and their once-solid group of friends now divided, Helen must face this battle alone, while also deciding who has her heart—Lucas, or the possible Tyrant, Orion. With a masterfully-woven plot and epically-high stakes, the compelling twists and turns in *Goddess* will leave readers completely spellbound.

Destiny brought them together. The Gods will keep them apart.

What game is she playing? Rowan hadn't seen Lillian in over a year—not since she broke his heart and killed his father in one fell swoop—so why would she pick today to just show up outside his favorite coffee shop, dressed in outlandish clothes and pretending she doesn't recognize him. Is she turning to Tristan now in some pathetic effort to drive them apart? Why insist her name is Lily? And where is her Willstone? Her wild claims of being from a parallel world are just crazy and pathetic...right? Get a glimpse of Rowan's side of the story in this thrilling e-short edition to *The Worldwalker Trilogy* by internationally bestselling author Josephine Angelini.

Lily Proctor has come a long way from the weak, sickly girl she used to be. She has gained power as a witch and a leader, found her way home, chosen to face battle again, and (after losing her first love and being betrayed by her new love) she has learned more about loss and grief than she ever wanted to know. Thrust once again into a society different from anything they have ever seen, Lily and her coven are determined to find answers—to find a new path to victory, a way to defeat the monstrous Woven without resorting to nuclear weapons or becoming a tyrannical mass murderer like her alternate self, Lillian. But sometimes winning requires sacrifices . . . and when the only clear path to victory lies at Lillian's side, what price will Lily be willing to pay? Internationally bestselling author Josephine Angelini takes us on another emotionally wrenching thrill ride in the stunning conclusion to her *Worldwalker Trilogy*.
