Gore Vidal's witty and radical novel, with a new introduction by the author. When two women perish in a snowdrift, the one called Edna is reborn in "Duluth", a popular television series, and the one called Beryl finds herself in a "Hyatt Regency" romantic novel entitled "Rogue Duke".

Duluth by Gore Vidal - Fantastic Fiction

Duluth describes both a novel written about Duluth (that, bordered on one side by Minneapolis and on the other by Michigan, bears scant resemblance to the real city) and a television series of the same name; when residents of the city die, they end up as characters in the TV show, who can in some cases continue interacting with the living through the TV screen.

Duluth, Gore Vidal

Gore Vidal was born Eugene Louis Vidal in 1925 in West Point, New York, to Nina (Gore) and West Point aeronautics instructor and aviation pioneer Eugene Luther Vidal. The Vidals endured a rocky marriage divorcing ten years after Gore's birth. Young Gore spent much of his childhood with his blind grandfather, Senator T.P. Gore of Oklahoma.

Download Ebook Duluth Gore Vidal

When two women tragically perish in a Duluth snowdrift, the one called Edna is reborn in 'Duluth', the popular television series and the one called Beryl finds herself in a 'Hyatt Regency' romantic novel entitled ROGUE DUKE. In Duluth they do it all with word processors. Meanwhile Lieutenant Darlene Ecks, strip-search enthusiast, terrorizes a barrio full of illegal Mexican immigrants until they rise up in defiance, the mayor plumbs the mysteries of a bright red spaceship and a life and death contest is waged between Duluth's leading socialite and its foremost author to complete contradictory biographies of Betty Grable. Gore Vidal's wicked extravaganza sports special effects not expected in a novel; and it poses taunting puzzles like who is the guy they call The Dude? And why is it said, 'Every society gets the Duluth it deserves'?

A savage, bitter, bawdy, biting, and brilliant satire An audacious, propriety-snubbing literary event, Duluth managed to seduce The New York Times ("a knockout"), Los Angeles Times ("wonderfully nasty"), USA Today ("a black flag of a novel"), and People magazine ("raunchy, dirty, outrageous, rife with clichés -- and often very funny"). Spoofing just about everything imaginable -- social pretenses, motherhood, law enforcement, marriage, racism, literature, television, science fiction, sex -- Gore Vidal's wild burlesque tells of two women who, after perishing in a snowdrift, are reborn in Duluth, the popular television series, and in the "Hyatt Regency" romance novel Rogue Duke. Meanwhile, Lieutenant (and strip-search enthusiast) Darlene Ecks is in zealous pursuit of a drug dealer, while Duluth's mayor plumbs the mysteries of a spaceship, and a battle is waged between two Betty Grable biographers. Ingenious and bawdy, Duluth is an execution of razor-sharp satire and outlandish humor.

Gore Vidal, known for such best-sellers as *The City and the Pillar*, *Burr*, *Lincoln*, and *Myra Breckinridge*, is a household name. The controversial Vidal ran for Congress in 1960, and set sparks flying with his public debates challenging William F. Buckley and Norman Mailer. Although one of America's most admired and prolific writers, Vidal has been steadfastly ignored or impugned by many critics. This is partly owing to the vast scope of his writings, which include more than twenty novels, half a dozen plays, dozens of screenplays, countless essays and book reviews, political commentary, and short stories; how do the critics approach such a writer? There has also been backlash against Vidal, whose radical polemics and undisguised contempt for those whom he has called "the hacks and hicks of academe" have hardly endeared him to the critical establishment. *Gore Vidal: Writer Against the Grain* is the first collection of critical essays to approach this important American writer in an attempt to rectify the unwarranted underestimation of his work. Jay Parini has drawn from the best of previously published criticism and commissioned fresh articles by leading contemporary critics to construct a comprehensive portrait of Vidal's multifaceted and memorable career. Writers as diverse as Harold Bloom, Stephen Spender, Catharine R. Stimpson, Richard Poirier, and Italo Calvino examine Vidal's work in their own highly individual ways, and each finds a different Vidal to celebrate, chide, recollect, or view close up. Also included is a recent interview with Parini in which Vidal discusses his career and his troubled relationship with the reviewers. The Vidal that finally emerges from these essays is a writer of undeniable weight and importance. As readers will agree, *Gore Vidal: Writer Against the Grain* establishes his rightful role as one of the premier novelists and leading critical observers of this century.

Bestselling author Gore Vidal joins the ranks of Penguin Classics. To satisfy a public that longs for a savior, Vidal's eponymous hero of *KALKI*, born and bred in America's Midwest, establishes himself in Nepal, puts out the word that he is the last incarnation of the god Vishnu, and predicts an imminent

apocalypse meant to cleanse the planet.

Once again the incomparable Gore Vidal interprets and animates history -- this time in a panoramic tour of the 5th century B.C. -- and embellishes it with his own ironic humor, brilliant insights, and piercing observations. We meet a vast array of historical figures in a staggering novel of love, war, philosophy, and adventure . . . "There isn't a page of CREATION that doesn't inform and very few pages that do not delight." -- John Leonard, The New York Times

For readers who can't get enough of the hit Broadway musical Hamilton, Gore Vidal's stunning novel about Aaron Burr, the man who killed Alexander Hamilton in a duel—and who served as a successful, if often feared, statesman of our fledgling nation. Here is an extraordinary portrait of one of the most complicated—and misunderstood—figures among the Founding Fathers. In 1804, while serving as vice president, Aaron Burr fought a duel with his political nemesis, Alexander Hamilton, and killed him. In 1807, he was arrested, tried, and acquitted of treason. In 1833, Burr is newly married, an aging statesman considered a monster by many. But he is determined to tell his own story, and he chooses to confide in a young New York City journalist named Charles Schermerhorn Schuyler. Together, they explore both Burr's past—and the continuing civic drama of their young nation. Burr is the first novel in Gore Vidal's Narratives of Empire series, which spans the history of the United States from the Revolution to post-World War II. With their broad canvas and sprawling cast of fictional and historical characters, these novels present a panorama of American politics and imperialism, as interpreted by one of our most incisive and ironic observers.
