His memoir is "Dustoff 7-3: Saving Lives Under Fire In Afghanistan." Julia Bringloe is training flight medics and her new name is Julia Stalker. That's because on another rescue mission, she pulled...

A highly decorated U.S. Army pilot, who was awarded the Medal of Honor for a successful mission in Vietnam, shares his career adventures flying missions that span from World War II to Vietnam.

The Memoir of a Vietnam Dustoff pilot. True stories of Huey helicopter Medevac rescue missions flown during the Vietnam War.

VietNam may be the only war we ever fought, or perhaps that was ever fought, in which the heroism of the American soldier was accompanied by humanitarianism unmatched in the annals of warfare. And humanitarianism took place during the heat of the battle. Humanitarianism was America's great victory in Viet Nam. Spearheading the humanitarian efforts were the air ambulance operations, call-sign Dust Off, the most dangerous of all aviation operations, which rescued some one million souls in Viet Nam. The Memoir of a Vietnam Dustoff pilot. True stories of Huey helicopter Medevac rescue missions flown during the Vietnam War.

Presents a history of one of the most dangerous aviation operations during the Vietnam War, call-sign Dust Off, in which air ambulances speaheaded the humanitarian efforts that were being executed during the war.

Nicknamed "Mini-Man" for his diminutive stature, a mere five-foot-three and 125 pounds in his flight boots, chopper pilot Ron Alexander proved to be a giant in the eyes of the men he rescued from the jungles and paddies of Vietnam. With an unswerving concern for every American soldier trapped by enemy fire, and a fearlessness that became legendary, Ron Alexander earned enough official praise to become the second most decorated helicopter pilot of the Vietnam era. Yet, for Ron, the real reward came from plucking his fellow soldiers from harm's way, giving them another chance to get home alive. In Taking Fire, Alexander and acclaimed military writer Charles Sasser transport you right into the cramped cockpit of a Huey on patrol, offering a bird's eye view of the Vietnam conflict. Packed with riveting action and gritty "you-are-there" dialogue, this outstanding book celebrates the everyday heroism of the chopper pilots of Vietnam.

During a tour with The Historical Unit, U.S. Army Medical Dept., from 1974-1977, Peter Dorland, then a captain and a former Dust Off pilot in Vietnam, completed the basic research for this book and drafted a lengthy manuscript. In 1971, James Nanney, an editor at the U.S. Army Center of Military History conducted further research on Dust Off, reorganized and redrafted portions of the original manuscript, and added Chapter 4 and the Epilogue. Chapters include: the early years of medical evacuation, and the Korean War; birth of a tradition; the system matures; the pilot at work; from Tet 1968 to stand-down; statistics; doctrine and lessons learned; a historical perspective; and bibliography.

Chief Warrant Officer Erik Sabiston tells the story of his four-man flight crew's experiences evacuating wounded soldiers from the mountains of Afghanistan in their unarmed medevac helicopter, known as Dustoff 7-3.

I kept a daily calendar while in Vietnam and for a couple of years before and after as well. That calendar was the basis of most of the stories included in the book regarding Vietnam and some of the training leading up to my deployment. Rather than limit "my story" to just Vietnam I decided to treat the book as sort of an autobiography.

Rattler One-Seven puts you in the helicopter seat, to see the war in Vietnam through the eyes of an inexperienced pilot as he transforms himself into a seasoned combat veteran. At the age of twenty, Chuck Gross spent his 1970?71 tour with the 71st Assault Helicopter Company flying UH-1 Huey helicopters. He inserted special operations teams into Laos and participated in Lam Son 719, a misbegotten attempt to assault and cut the Ho Chi Minh Trail, during which his helicopter was shot down and he was stranded in the field.

Relive six decades of flying helicopters in Vietnam, Afghanistan, Iraq, Kuwait, and the National Guard. From the tragic to the ridiculous, it's all here in refreshing candor and lifelike detail in this gritty and honest memoir-with humility, humor, and gratitude-as he himself is still trying to figure out how he made it through alive.
