~~'The thirst to be boundless is not created by you; it is just life longing for itself.' -Sadhguru This is the extraordinary story of Sadhguru—a young agnostic who turned yogi, a wild motorcyclist who turned mystic, a sceptic who turned spiritual guide. Pulsating with his razor-sharp intelligence, bracing wit and modern-day vocabulary, the book empowers you to explore your spiritual self and could well change your life. It seeks to re-create the life journey of a man who combines rationality with mysticism, irreverence with compassion, ancient wisdom with a provocatively contemporary outlook and a deep knowledge of the self with a contagious love of life. Described as 'a profound mystic, visionary humanitarian and prominent spiritual leader of our times', he is equally at home in a satsangh in rural Tamil Nadu as at the World Economic Forum in Davos. In his early years, Jaggi Vasudev (or Sadhguru as he is now known) was a chronic truant, a boisterous prankster, and later a lover of motorbikes and fast cars. It is evident that the same urgency, passion and vitality echo in his spiritual pursuits to this day, from his creation of the historic Dhyanalinga—the mission of three lifetimes—to his approach as a guru. In Sadhguru's view, faith and reason, spirituality and science, the sacred and the material, cannot be divided into easy binaries. He sees people as 'spiritual beings dabbling with the material rather than the reverse', and liberation as the fundamental longing in every form of life. Truth for him is a living experience instead of a destination, a conclusion, or a matter of metaphysical speculation. The possibility of self-realization, he strongly believes, is available to all. Drawing upon extended conversations with Sadhguru, interviews with Isha colleagues and fellow meditators, poet Arundhati Subramaniam presents an evocative portrait of a contemporary mystic and guru—a man who seems to pack the intensity and adventure of several lifetimes into a single one.~~

~~Constructed around a series of late night conversations around a camp fire between Cheryl Simone and Sadhguru Vasudev on an Island in the middle of a Western North Carolina lake near her mountain home, Midnights with the Mystic is the most thorough exposition of the teachings of India's most sought after mystic. Sadhguru challenges us to embrace the possibility that to each of us is available a higher realm of reality, a peak of consciousness; an entrée into the realm of freedom and bliss. Simone, an Atlanta real estate developer, was the typical baby boomer in search of an authentic spiritual experience. Professionally successful, yet spiritually arid, she discovered a way into what she was looking for in the teachings of Sadhguru. Concrete and down-to-earth, Midnights with the Mystic both provides readers with an introduction to profound spiritual teaching and a personal glimpse of a charismatic guru.~~

~~NEW YORK TIMES, USA TODAY, and PUBLISHERS WEEKLY BESTSELLER "Full of valuable insights to guide you."--WILL SMITH "Thoughtful and life-affirming . . . a must-read."--TONY ROBBINS "This book will put you back in charge of your own life."--TOM BRADY A new perspective on the overused and misunderstood concept of "karma" that offers the key to happiness and enlightenment, from the world-renowned spiritual master Sadhguru. What is karma? Most people understand karma as a balance sheet of good and bad deeds, virtues and sins. The mechanism that decrees that we cannot evade the consequences of our own actions. In reality, karma has nothing to do with reward and punishment. Karma simply means action: your action, your responsibility. It isn't some external system of crime and punishment, but an internal cycle generated by you. Accumulation of karma is determined only by your intention and the way you respond to what is happening to you. Over time, it's possible to become ensnared by your own unconscious patterns of behavior. In Karma, Sadhguru seeks to put you back in the driver's seat, turning you from a terror-struck passenger to a confident driver navigating the course of your own destiny. By living consciously and fully inhabiting each moment, you can free yourself from the cycle. Karma is an exploration and a manual, restoring our understanding of karma to its original potential for freedom and empowerment instead of a source of entanglement. Through Sadhguru's teachings, you will learn how to live intelligently and joyfully in a challenging world.~~

~~NEW YORK TIMES BESTSELLER - Thought leader, visionary, philanthropist, mystic, and yogi Sadhguru presents Western readers with a time-tested path to achieving absolute well-being: the classical science of yoga. NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY SPIRITUALITY & HEALTH The practice of hatha yoga, as we commonly know it, is but one of eight branches of the body of knowledge that is yoga. In fact, yoga is a sophisticated system of self-empowerment that is capable of harnessing and activating inner energies in such a way that your body and mind function at their optimal capacity. It is a means to create inner situations exactly the way you want them, turning you into the architect of your own joy. A yogi lives life in this expansive state, and in this transformative book Sadhguru tells the story of his own awakening, from a boy with an unusual affinity for the natural world to a young daredevil who crossed the Indian continent on his motorcycle. He relates the moment of his enlightenment on a mountaintop in southern India, where time stood still and he emerged radically changed. Today, as the founder of Isha, an organization devoted to humanitarian causes, he lights the path for millions. The term guru, he notes, means "dispeller of darkness, someone who opens the door for you. . . . As a guru, I have no doctrine to teach, no philosophy to impart, no belief to propagate. And that is because the only solution for all the ills that plague humanity is self-transformation. Self-transformation means that nothing of the old remains. It is a dimensional shift in the way you perceive and experience life." The wisdom distilled in this accessible, profound, and engaging book offers readers time-tested tools that are fresh, alive, and radiantly new. Inner Engineering presents a revolutionary way of thinking about our agency and our humanity and the opportunity to achieve nothing less than a life of joy. Praise for Sadhguru and Inner Engineering "Contrarian and consistent, ancient and contemporary, Inner Engineering is a loving invitation to live our best lives and a profound reassurance of why and how we can."--Sir Ken Robinson, author of The Element, Finding Your Element, and Out of Our Minds: Learning to Be Creative "I am inspired by Sadhguru's capacity for joy, his exuberance for life, and the depth and breadth of his curiosity and knowledge. His book is filled with moments of wonder, awe, and intellectual challenge. I highly recommend it for anyone interested in self-transformation."--Mark Hyman, M.D., director, Cleveland Clinic Center for Functional Medicine, and New York Times bestselling author "Inner Engineering is a fascinating read of Sadhguru's insights and his teachings. If you are ready, it is a tool to help awaken your own inner intelligence, the ultimate and supreme genius that mirrors the wisdom of the cosmos."--Deepak Chopra~~

~~In modern societies, enhancing the quality of our life has become one of our main objectives. In this pursuit, we tend to emphasize on enhancing external situations, our job, business, family and the abounding accumulation of material things; in spite of all the efforts, our personal and professional lives are too often painfully lacking happiness and fulfillment. In this volume, Sadhguru shifts our focus to the inside, pointing out a way to establish a true sense of inner peace and wellbeing by applying "Inner Management."~~

~~On Hindu spiritual life; in dialogue form.~~

For ages, most of humanity has placed "life" and "death" at two ends of the existential spectrum - favoring one, fearing the other and continuously floundering between the two. Only when someone who has consciously traversed between both life and death offers to articulate some aspects of it, does humanity get a glimpse of what lies beyond the horizon of its normal perception. With his extraordinary insights, coming from a profound inner experience, Sadhguru reveals that life and death are, in fact, two sides of the same coin. It is only by embracing both that we can break the shackles of our selfmade struggles and be set free. In his own words, he says: "Death is a cosmic joke. If you get the joke, when you fall on the other side, it will be wonderful. If you don't get the joke, when you are here you fear the other side, and when the other side comes, you just don't know what it is about. If death becomes a laughing matter in your life, life becomes an utterly effortless process - there is no need to restrain yourself in the process of life; you can live your life absolutely, totally." "The distance between your life and death is just one breath, isn't it?" - Sadhguru
