time. Ideal reading for both amateur and professional photographers alike, you'll reference Canon 5D Mark III Digital Field Guide again and again.

It is always intriguing to hear or read what the thought process was of a particular image you like. Thus, here is my take on a group of photos I think photographers can use to learn a new technique, camera setting or mind-set for creating great images. Every picture does have a story behind it and that story along with the technical considerations to get what was desired can lead to others possibly being able to move forward with their own photographic endeavors. I myself learn

more when I see an example of how to do something. As photographers, we are visual in nature and when putting the seeing alongside the how, why, and what circumstance can lead to an aha moment where you can then say "I get it. I want to go and try that for myself." Highlights include: • Cloud Stacking • Star Trails • Fall Abstracts • Birds in Flight • Sunrise / Sunset tips and tricks • Subject position • Foreground / Background flow
