"The authors carefully considered how to thoughtfully and meaningfully integrate data analytics into the financial accounting course, and are pleased to provide the following data analytics resources. **Data Analytics and Decision-Making** The text provides numerous discussions on how decision-makers are increasingly relying on data analytics to make decisions using accounting information. Accounting software systems collect vast amounts of data about a company's economic events as well as its suppliers and customers. Business decision-makers take advantage of this wealth of data by using data analytics to gain insights and therefore make more informed business decisions. Data analytics involves analyzing data, often employing both software and statistics, to draw inferences. As both data access and analytical software improve, the use of data analytics to support decisions is becoming increasingly common at virtually all types of companies"--

Deals with contemporary cultural and community topics with the help of engaging essays Provokes further thought through questions Includes writing activities based on the essays to help readers write in Spanish as they take a stand on an issue Contains a minimum of two readings in each chapter, each presenting different aspects of a particular debate on topics

The ability to persuade, influence and convince is a vital skill for success in work and life. However, most of us have little idea how to argue well. Indeed, arguing is still seen by many as something to be avoided at all costs, and mostly it's done poorly, or not at all. Yet it's possibly the most powerful and yet most neglected asset you could have. Discover the art of arguing powerfully, persuasively and positively and you'll have a head start every time you want to: Get your point across effectively Persuade other people to your way of thinking Keep your cool in a heated situation Win people over Get what you want Tackle a difficult person or topic Be convincing and articulate Have great confidence when you speak In **How to Argue**, leading lawyer Jonathan Herring reveals the secrets and subtleties of making your case and winning hearts and minds. At home or at work, you'll be well equipped to make everything you say have the desired effect, every time.

"An archaeological mystery, the story of young American Bruce Brandon, eager to ascertain more about the graves of Egyptian gods, is set against a clearly focused background of the Land of the Pyramids. Bruce is determined to find mummified crocodiles, which he believes were spirited away by reactionary priests during the reign of the ruler Akhenaten, who tried to introduce monotheism into Egypt." --Preface.

Rapid Viz, Third Edition: A New Method for the Rapid Visualization of Ideas provides hands-on instruction on quick sketching skills and techniques that allow you to picture your ideas mentally, and then quickly convert those thoughts into visual reality on a piece of paper. The method is not designed to help you become a master illustrator, but rather a visual thinker and communicator. Emphasizing speed and simplicity, the Rapid Viz method breaks down drawing to the essentials, teaching the fundamental techniques of graphic art and design using only the simplest of tools: felt-tip pens or pencils and paper. Using a minimum amount of time, trouble, and effort, Rapid Viz enables you to nail down your ideas onto paper, rapidly converting your thoughts while they are still fresh, and then polish them for clear visual communication with others.
