Why not plan your own escape to Budapest? Budapest is still a relatively undiscovered gem. The Hungarian capital is listed as the second most beautiful city in the world. Hungary's economy has been the fastest growing in Europe for the past five years.Budapest is also a more affordable destination than most with plenty to see and do. It also lacked a single travel book until now. You can also move there, like the author and his wife. It's all in this book. How to renovate an apartment. Make new friends. Hidden places to visit. Cultural highlights. The story of Budapest coffeehouses. The Grand Hotels of Budapest. Great restaurants. Why the city is booming. How to become a part of it. From handling eccentric neighbours to controlling a renovation project by email, and exploring the complex history of this city - two lost world wars, two communist revolutions, the Holocaust, the Battle of Budapest, Hungarian Uprising and Prime Minister Orban's reformist government - there is so much to learn.This is where Emperor Marcus Aurelius defended the Roman Empire from the barbarian hordes. Where Mongol tribes - whose bizarre language is still more difficult to learn than Japanese - first pitched their tents a thousand years ago. The story involves quite a few crossovers with Oxford University where the author studied, and economic and political insights into modern Hungary, a magnet for non-EU immigration, rather contrary to its misleading reputation. Budapest is full of surprises. Read about them here.

A New York Times Notable Book Nominated for the Man Booker Prize In this extraordinary, both comic and philosophically profound novel, the acclaimed author of Netherland uncovers the hidden contours of a glittering Middle Eastern city—and the quiet dilemmas of modernity. When our unnamed hero, a self-sabotaging and oddly existential lawyer, finds his life in New York falling apart, he seizes an opportunity to flee to Dubai, taking a mysterious job for a fabulously wealthy Lebanese family. As he struggles with his position as the “family officer” of the capricious Batros brothers, he also struggles with the “doghouse,” a condition of culpability in which he feels trapped, even as he composes endless electronic correspondence—both sent and unsent—in an attempt to find a way out. An unforgettable fable for our globalized times, The Dog is told with Joseph O’Neill’s hallmark eloquence, empathy, and stylistic mastery.
