works behind the scenes to take down opposition groups that threaten the current government. Their goals justify all means, even when it comes to their own agents. Sin is the Agency's most efficient killer. His fighting skills and talent at assassination have led to him being described as a living weapon. However, he is also known to go off on unauthorized killing sprees, and his assigned partners have all wound up dead. Boyd is not afraid to die. When his mother, a high-ranking Agency official, volunteers him to be Sin's newest partner, he does not refuse. In fact, his life has been such an

hardscrabble neighborhood he grew up in, and he made it through the orphanages and crime-ridden slums that followed. With few prospects for the future, Gordon carved out a niche for himself in the expanding drug trade of Lexington, PA. It's not pretty, but it's his, and it beats the skin trade he was involved with before. But a classic case of being in the wrong place at the wrong time results in a brush with death, going by the name of Adam. Afterward, the life that once seemed good enough isn't quite the same. Adam Blake is an assassin on the brink of being terminated by the very organization that

controls him. He completed his mission, but not without being seen. With his secrets in danger of being exposed by Gordon, Adam knows he should kill the smart-mouthed redhead, but finds himself intrigued by the troublesome civilian instead. When Gordon's knack for finding trouble combines with the dangerous consequences of Adam's indecision, their worlds intertwine in an explosive way. **This is a standalone novel with a happy ending*
