Without the evil vampire Bishop ruling over the town of Morganville, the resident vampires have made major concessions to the human population. With their newfound freedoms, Claire Danvers and her friends are almost starting to feel comfortable again. Now Claire can actually concentrate on her studies, and her friend Eve joins the local theatre company. But when one of Eve's castmates goes missing after starting work on a short documentary, Eve suspects the worst. But they'll have Claire's back when the town's deepest secrets come crawling out, hungry for fresh blood. Watch a Windows Media trailer for this book.

Accepted into a special study program at MIT with Professor Irene Anderson, Claire Danvers works on developing a technology to block the mental powers of vampires only to unleash unexpected forces when she tests the machine on live subjects.

In the college town of Morganville, vampires and humans coexist in (relatively) bloodless harmony. Then comes Bishop, the master vampire who threatens to abolish all order, revive the forces of the evil dead, and let chaos rule. But Bishop isn't the only threat. Violent black cyclone clouds hover, promising a storm of devastating proportions as student Claire Danvers and her friends prepare to defend Morganville against elements both natural and unnatural.
