One of my friends through my publisher Financial Times Prentice Hall is Heather Townsend, the author of the newly released Financial Times Guide to Business Networking. Networking is often one of the first strategies I'll recommend to a client looking for more work. It is especially effective for smaller businesses and startups because it allows you to build personal connections with people who then feel more comfortable to place work with you.

'The most damaging half truth for savers is "performance matters more than expenses". Read this book carefully and the financial services industry will have one fewer easy victim, but you will have a sound base for a lifetime of successful investment.' Martin White, Chair of UK Shareholders Association This is one of those great big books to buy and then tuck away for constant reference. It's a tour through everything from managing a portfolio to establishing a fair intrinsic value for a share. If it moves in the world of investing, it's probably here.' David Stevenson, 'Adventurous Investor' in the Financial Times 'Informative and easy to read, Glen Arnold has produced arguably the most comprehensive book there is today on stock market investing and one that unquestionably will give an edge to any retail investor. This is a must read for anyone serious about investing.' Simon Thompson, Companies Editor, Investors Chronicle The Financial Times Guide to Investing is the definitive introduction to the art of successful stock market investing. Bestselling author Glen Arnold takes you from the basics of what investors do and why companies need them through to the practicalities of buying and selling shares and how to make the most from your money. He describes different types of investment vehicles and advises you on how to be successful at picking companies, understanding their accounts, managing a sophisticated portfolio, measuring performance and risk and setting up an investment club. The third edition of this

Business travel can be one of the most stressful or stimulating aspects of executive life; it all depends on how well prepared you are. After the early jetsetting buzz has worn off, business trips can quickly become hard work, long-haul drudgery. Constant travelling is demanding and exhausting, but it can also be enriching and endlessly stimulating. So how can you maximize the value of business travel for yourself and your business? What can you do to make the experience less draining, ease some of the frustration and generally improve its effectiveness? It's all about knowing: how to travel in comfort how

Online Library Financial Times Guide To Business Development How To Win Profitable Customers And Clients The Ft Guides

to get an upgrade the quickest route from the airport to your destination what to do if you fall ill while abroad how to find the right hotel how to make the best use of your time away (including delays) how to make your hotel room work for you how to avoid those frustrating experiences with laptops and modems. A collection of tips, tricks of the trade, and anecdotes from the travel-wise, this guide aims to help make life easier, richer and more enlightening for road warriors everywhere. From planning a stress-free business trip to making the best use of all your time away, *The Financial Times Guide to Business Travel* is the definitive travel companion for the global executive.

‘Understanding valuation is relevant to everyone with an ambition in business. For us at Cevian Capital it is an absolutely critical skill. This book will take you there faster than any other in the field.’ Christer Gardell Former Partner McKinsey, Managing Partner and co-founder of Cevian Capital ‘A handy, accessible and well-written guide to valuation. The authors manage to capture the reader with high-level synthesis as well as more detailed insights in a great way.’ Anna Storakers Head of Group Strategy & Corporate Development, Nordea Bank AB, formerly with Goldman Sachs & Co and McKinsey & Co “If you can envision the future value of a company you are a winner. Make this comprehensive and diligent book on corporate valuation your companion pursuing transactions and you will succeed.” Hans Otterling, Founding Partner, CEO Northzone Capital “Both in my previous position as an investment banker and today as an investor in high growth technology companies, corporate valuation has been a most critical subject. *The Financial Times guide to Valuation* serves as the perfect introduction to the subject and I recommend it to entrepreneurs as well as fellow private investors.” Carl Palmstierna, former Partner Goldman Sachs, Business Angel ‘Not only will *Financial Times Guide to Corporate Valuation* provide you with the basic understanding of corporate valuation, it also gives you an

interesting insight into non-operational challenges that companies will face. And it does it all in an unexpectedly efficient and reader friendly manner. If you want to learn the basics and only have a few hours to spare, invest them into reading this book!’ Daniel Hummel Head of Corporate Finance, Swedbank ‘In this highly accessible and reliable introduction to valuation, Messieurs Frykman and Tolleryd have succeeded in selecting only the essential building blocks in a topic that can otherwise be difficult to navigate. Indeed a guide, this book will prove handy to many of us and a breakthrough to some.’ Per Hedberg, Academic Director Stockholm School of Economics Russia ‘This book provides an accessible and informative entry point to the vast topic of valuation. The book covers mechanics as well as how value is linked to intangibles, growth opportunities and industry structure, all the way providing clear examples of every key idea. The authors understand value: they know what is useful, what is practical and what is critical, and give any reader great guidance to the challenge of getting values right.’ Bo Becker Assistant Professor Harvard Business School "I read Frykman & Tolleryds book on Corporate Valuation the first time in the late 90's - the book has not only thought me how to value investments, but also how important it is to focus on long term cashflow when building and leading an organization" Mikael Schiller Owner, Chairman, Acne Studios ‘The easy, no-nonsense approach to corporate valuation.’ Fiona McGuire, Corporate Finance Director FGS Understanding corporate valuation is crucial for all business people in today’s corporate world. No other measure can indicate as completely the current status as well as the future prospects of a company. The Financial Times Guide to Corporate Valuation is a quick, no-nonsense guide to a complex subject. Whether you’re a manager, executive, entrepreneur or student this comprehensive reading guide will help you tailor your learning according to your experience, existing knowledge and time constraints. Using the example of a fictional European telecommunications company, Mobitronics, as a model, it provides key

How financial markets work, in plain English! An authoritative, complete, and up-to-date guide to today's global financial system. * *The 'jargon-busting' guide to global finance: everything today's manager, investor, policymaker, and citizen needs to know. *Crystal-clear introductions to banking, central banks, insurance, money and bond markets, equities, futures, options, swaps, FX, hedge funds, private equity, and how they fit together. *Financial crises: what's happened, why -- and what the new landscape looks like. This is the most complete, authoritative, and up-to-date guide to the workings of financial markets, the global financial system, and their immense and relentless impact. Renowned financial author Glen C. Arnold assumes no prior financial knowledge, teaching through real world examples. He presents an invaluable international perspective, comparing the workings of major financial institutions and centers worldwide, from the U.S. Federal Reserve and Wall Street to the European and Japanese central banks, the IMF, and the World Bank. Arnold begins with a plain-English overview of the purposes of global financial markets and the institutions and individual markets that now comprise them. Next, he drills down to thoroughly illuminate each component of the financial markets, and the linkages among them. Arnold covers retail, corporate, investment, and other forms of banking; central banks; pooled investment funds; insurance; money markets; corporate, government, and exotic bond markets; equities and systems for raising capital; futures, options, and swaps; foreign

Online Library Financial Times Guide To Business Development How To Win Profitable Customers And Clients The Ft Guides

exchange markets; hedge funds and private equity, and more. He concludes with insightful discussions of global financial regulation, the impact of recent and continuing global financial crises; the responses of governments; and the shape of the radically new global financial landscape.
