The opening for "Guardians Vol. 2," made for about \$200 million, is the second largest of the year, following Disney's "Beauty and the Beast" (\$174.8 million).

'Guardians of the Galaxy Vol. 2' blasts off ... - Fox News

The Legacy Series Volume III is Virgil Fox's "Great Protestant Hymns," recorded in 1956 on the new Aeolian-Skinner Organ in Riverside Church. After his Wanamaker Organ recording of 1964, this is the most frequently requested release--and for good reason. 21 hymns are treated to Virgil's rhythmic, dramatic, bold artistry.

The Virgil Fox Legacy

Elmer Albert Batters (November 24, 1919 – June 25, 1997) was a pioneer fetish photographer who specialized in capturing artful images of women with an emphasis on stockings, legs, and feet, placing him ahead of his time in popularizing foot fetishism imagery as erotic entertainment

Published: December 30th, 2015Written by: Paul TobinArt by: Joe QuerioBased on: The Witcher novels by Andrzej Sapkowski Dark Horse Comics, 134 Pages Review: Since I was pleasantly surprised by the first Witcher comic book story, I didn't waste much time picking this one up. However, this one wasn't as good as the first. I still enjoyed it though and...

The glamour goes on with this sun-drenched collection of Ed Fox photography, featuring voluptuous models, arresting locations, and plenty of beautifully curved feet. This special edition comes with a 60-minute original DVD bringing the stills to vibrant life, as well as a reversible Panic Cover to keep the real contents hidden from your boss.

Ed Fox has been called the new Elmer Batters, but he's clearly no imitator. Yes, there's that "little secret" he shares with the late Mr. Batters, but Fox celebrates the female foot in his own way, creating a style that is unique, contemporary and technically impeccable. Because he draws inspiration from both still photography and music video there's a strong sense of movement in his photos, reflecting his own energetic personality. Fox is a native of Los Angeles, so its no surprise his specialty is finding and shooting the most compelling beauties in the adult film industry. Says Fox, "A beautiful foot is an extra, the same as shapely breasts or a nice ass, and all part of a feminine shape. It's all about voluptuousness." Accordingly, most of his models are exceptionally curvy from top to bottom. Fox was one of the first to shoot strip diva Dita von Teese, as well as Valentina Vaughn, Tera Patrick, Brittany Andrews, Jill Kelly, Kelly Madison, Tempress, Tall Goddess, Aria Giovanni, Jewel De'Nyle, Belladonna, Terri Weigel, Penny Flame, and Ginger Jolie, all of whom appear in his very first book. Bonus: an hour-long DVD featuring many of the stars, with an original musical score.

The first Ed Fox title, "Glamour From the Ground Up," introduced the heir to the peculiar photographic niche long ruled by the great Elmer Batters. "Ed Fox, Vol. 2" comes with a 60-minute original DVD, bringing the still photos to vibrant life.

Welcome to The Little Book of Pussy, a petite little kitten that puts those up-close-and-personal pictures in proper perspective. Through 100 years of photos, we trace the exhibitionistic pleasure with which models present their feminine pulchritude.

"Byrne ... considered that it might be easier to learn geometry if colors were substituted for the letters usually used to designate the angles and lines of geometric figures. Instead of referring to, say, 'angle ABC,' Byrne's text substituted a blue or yellow or red section equivalent to similarly colored sections in the theorem's main diagram."--Friedman.

This is the ultimate photographic journey through Europe as told by the world's favorite magazine. Adapted from our monumental Around the World in 125 Years and featuring over 200 captivating images from National Geographic magazine's archives, these visual treasures explore the beauty, complexity, the variety, the historic cities, and the...

The ultimate anthology of cinematic showpieces, in extra-handly format. This careful selection of movie masterworks sets noir alongside new wave, slapstick alongside tragedy in a far-reaching, infinitely inspiring guide to the jewels of 20th-century filmmaking.

Examines the leisure building/do-it-yourself phenomenon that hit the middle class during the 1950s and 1960s.

Follows the Justice Society of America as they battle numerous foes and have many adventures.

A spectacular and unprecedented visual biography of the leading pioneers and protagonists of modern art and design Josef - painter, designer, and teacher - and Anni Albers - textile artist and printmaker - are among the twentieth century's most important abstract artists, and this is the first monograph to celebrate the rich creative output and beguiling relationship of these two masters in one elegant volume. It presents their life and work as never before, from their formative years at the Bauhaus in Germany to their remarkable influence at Black Mountain College in the United States through their intensely productive period in Connecticut.
