Mitsubishi Galant. Galant was a family car made by Mitsubishi during a production period that spanned over five decades. During this long run, it ended up with over 5 million sold units. It started out as a compact, but grew to be a mid-size car with time. The name Galant comes from the French word for chivalrous.

In this collection of essays, Watts displays the playfulness of thought and simplicity of language that has made him one of the most popular lecturers and authors on the spiritual traditions of the East. Watts draws on a variety of religious traditions and explores the limits of language in the face of spiritual truth.

Buckle up as Douglas Keister takes you for a decidedly retro ride in the world of diminutive travel trailers in *Teardrops and Tiny Trailers*. The demand for vintage trailers—the smaller the better—has risen dramatically in recent years, with the most in-demand trailers being "teardrops," first manufactured in the 1930s and containing just indoor sleeping space and an outdoor exterior kitchen. Also profiled in the book are "canned ham" trailers, whose shape resembles the profile of a can of ham; small-size examples of America's most beloved vintage trailer, the Airstream; miniscule gypsy caravans in Europe; and fiberglass trailers made in Canada. Two hundred color photographs showcase these trailers' sleek exteriors, retro-styled interiors, and, in many cases, the restored classic cars that tow them. *Teardrops and Tiny Trailers* includes a resource section chock-full of places to locate vintage trailers, clubs to join, and rallies to attend. Photographer/writer Douglas Keister has authored thirty-six critically acclaimed books. His books on classic recreational vehicles include *Ready to Roll*, *Silver Palaces*, and *Mobile Mansions*. In addition, he has authored twenty-five books on architecture, including *Inside the Bungalow*, *Storybook Style*, *Red Tile Style*, *Classic Cottages*, and *Cottages*. Keister also writes and illustrates magazine articles and contributes photographs and essays to dozens of magazines, newspapers, books, calendars, posters, and greeting cards worldwide. He lives in Chico, California.

The Emily Post Institute, the most trusted brand in etiquette, tackles the latest issues regarding how we interact along with classic etiquette and manners advice in this updated and gorgeously packaged edition. Today's world is in a state of constant change. But one thing remains year after year: the necessity for good etiquette. This 19th edition of Emily Post's *Etiquette* offers insight and wisdom on a variety of new topics and fresh advice on classic conundrums, including: Social media Living with neighbors Networking and job seeking Office issues Sports and recreation Entertaining at home and celebrations Weddings Invitations Loss, grieving, and condolences Table manners While they offer useful information on the practical—from table settings and introductions to thank-you notes and condolences—the Posts make it clear why good etiquette matters. Etiquette is a sensitive awareness of the feelings of others, they remind us. Ultimately, being considerate, respectful, and honest is what's really important in building positive relationships. "Please" and "thank you" do go a long way, and whether it's a handshake, a hug, or a friend request, it's the underlying sincerity and good intentions behind any action that matter most.

This book is a study of the role of clan networks in Central Asia from the early twentieth century through 2004. Exploring the social, economic, and historical roots of clans, and their political role and political transformation in the Soviet and post-Soviet periods, it argues that clans are informal political actors that are critical to understanding politics in this region. The book demonstrates that the Soviet system was far less successful in transforming and controlling Central Asian society, and in its policy of eradicating clan identities, than has often been assumed. In order to understand Central Asian politics and their economies, scholars and policy makers must take into account the powerful role of these informal groups, how they adapt and change over time, and how they may constrain or undermine democratization in this strategic region.

Haynes offers the best coverage for cars, trucks, vans, SUVs and motorcycles on the market today. Each manual contains easy to follow step-by-step instructions linked to hundreds of photographs and illustrations. Included in every manual: troubleshooting section to help identify specific problems; tips that give valuable short cuts to make the job easier and eliminate the need for special tools; notes, cautions and warnings for the home mechanic; color spark plug diagnosis and an easy to use index.
