arrives and walks through your restaurant front door and ends when they depart the restaurant. Your goal is to provide exceptional wow customer service by applying the steps of service all throughout the customer's visit.

This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. Filled with real-life examples, *The Professional Server: A Training Manual* covers all aspects of dining room service. This edition contains in-depth coverage of everything a good server needs to know to be successful in this competitive profession—from professional appearance, to server readiness, to guest communication. Self-contained chapters flow in a logical sequence and offer an explanation of table settings, wine and beverage service and current technologies. Restaurant Reality stories, charts and photos give students an insider's look into the realities of the profession.

This Server Training Manual is brought to you by Bar Manuals founder and Best Selling author Ryan Dahlstrom, Certified Consulting Bar Experts by the Hospitality Association of America. If you own or manage a Bar, Nightclub or Restaurant and feel like your business should be doing better, you should purchase this Server Training Manual.

Annotation The authoritative solution to passing the Network+ exam! Has CompTIA's Authorized Quality Curriculum (CAQC) stamp of approval. Features exam tips, study strategies, review exercises, case studies, practice exams, ExamGear testing software, and more. This exam certifies that candidates know the layers of the OSI model, can describe the features and functions of network components and have the skills needed to install, configure, and troubleshoot basic networking hardware peripherals and protocols. The Network+ exam, developed by CompTIA, is only two years old but already is held by 50,000 individuals. Readers preparing for this exam will find our Training Guide series to be an indispensable self-study tool. This book is their one-stop shop because of its teaching methodology, the accompanying ExamGear testing software, and Web site support at www.quepublishing.com/certification. Drew Bird (MCNI, MCNE, MCT, MCSE, MCP+I) has been working in the IT industry for over 12 years, instructing for the past five. Drew has completed technical training and consultancy assignments for a wide variety of organizations including the Bank of England, The London Stock Exchange, Iomega and the United Nations. Mike Harwood (MCT, MCSE, A+) has 6+ years experience in IT. As well as training and authoring technical courseware, he currently acts as a system manager for a multi site network and performs consultancy projects for a computer networking company. As a team, they have written Network+ Exam Cram (Coriolis) and Network+ Exam Prep (Coriolis).
