When Julia Child told Dorie Greenspan, “You write recipes just the way I do,” she paid her the ultimate compliment. Julia's praise was echoed by the *New York Times* and the *Los Angeles Times*, which referred to Dorie's “wonderfully encouraging voice” and “the sense of a real person who is there to help should you stumble.” Now in a big, personal, and personable book, Dorie captures all the excitement of French home cooking, sharing disarmingly simple dishes she has gathered over years of living in France. *Around My French Table* includes many superb renditions of the great classics: a glorious cheese-domed onion soup, a spoon-tender beef daube, and the “top-secret” chocolate mousse recipe that every good Parisian cook knows—but won't reveal. Hundreds of other recipes are remarkably easy: a cheese and olive quick bread, a three-star chef's Basque potato tortilla made with a surprise ingredient (potato chips), and an utterly satisfying roast chicken for “lazy people.” Packed with lively stories, memories, and insider tips on French culinary customs, *Around My French Table* will make cooks fall in love with France all over again, or for the first time.

You already know how to give your children healthy food, but the hard part is getting them to eat it. After years of research and working with parents, Dina Rose discovered a powerful truth: when parents focus solely on nutrition, their kids - surprisingly - eat poorly. But when families shift their emphasis to behaviors - the skills and habits kids are taught - they learn to eat right. Every child can learn to eat well, but only if you show them how to do it. Dr. Rose describes the three habits - proportion, variety, and moderation - all kids need to learn, and gives you clever, practical ways to teach these food skills. With *It's Not About The Broccoli* you can teach your children how to eat and give them the skills they need for a lifetime of health and vitality.

Phase 4: Into the unknown. Discovering new ingredients and flavour combinations. Phase 5: Cementing variety. Learning techniques to keep your family meals varied long-term.
