Dangerous Desires By Julia Templeton Rochford Manor, outside London, 1810: When her dying father entrusts her to the care of Dominic Santrell, one of London's most infamous rakes, Arlie Whitman is thrust into a world of elegance and privilege she had never imagined. But her initiation into society is nowhere near as frightening as the powerful desire she feels for Dominic himself. The dark and dashing earl claims that she needs a husband, but Arlie knows she needs only Dominic. Dominic had vowed never to marry. In his experience, love was, at best, an evening's pleasure. Yet the parade of young men courting his ward is unbearable. Arlie's innocent beauty haunts his dreams. The passion they share cannot be denied... But desire can be dangerous.

Lam's wonderful quirky romance brings fresh humor to a familiar trope, with snappy writing and characters who share a surprising, spicy chemistry.--RT Book Reviews on The Geek Girl and the Scandalous Earl The Royal Treatment All Leah wanted was a little gallantry. But in this day and age, chivalry was most definitely dead. If only there were a way to travel back in time and snag her very own duke... Avery Russell was polishing some boots when a woman fell through the bedchamber mirror into his arms. All he could make out from her breathless babbling was some nonsense about "my one true love, Your Grace." Clearly the chit was mad if she couldn't tell a valet from a duke! As much as Avery wanted to give in and give her a good tumble, he knew it wouldn't be proper. No, he'd take as long as necessary to convince Leah that sometimes a duke just won't do.

Rednecks 'n' Roses By Judy MayyWhat's a good old country boy vampire supposed to do when a smartass city-slicker female barrels into his life and totally disrupts it? What's wrong with hunting deer-with a rifle-for their blood, having a bushy beard, drinking beer out of Mason jars, and sleeping in the bathtub? And what's wrong with his name? He was named after his grandfather. Rusty Nipple is a fine name.Amber arrives at the farm her aunt bequeathed her, the perfect quiet place to write her vampire romance, to find a man in her bathtub-a dead man. Only he's not dead. Well, sort of not dead. He's a vampire. Hot damn! What more could a romance writer ask for but her very own vampire hero? He'll be able to tell Amber things about vampires no other author could ever find out. Her book will skyrocket to the top of the New York Times bestseller list!But Rusty won't cooperate. He won't even change his name! Who ever heard of a vampire named Rusty Nipple, a name that sounds like a really bad mixed drink. How is she supposed to write about a suave, sexy, debonair vampire if Rusty won't cooperate?So Amber takes things into to her own hands, so to speak. She hides the rifle, shaves off his beard while he 's sleeping, and drags him to the local bar to teach him proper vampire etiquette - biting humans. And Rusty cooperates, to a certain extent. He 's already made up his mind. The only human he 's going to bite is Amber.
