answers to worksheet activities are provided in Ripponses sheets. The Vocabulaire 1 sheet provides, for all students, a reference for the key language of the Phrases-clis boxes on the spreads, presenting it in the context of whole sentences, with English translations. The Vocabulaire 2 sheet in the form of single vocabulary items gives more able students access to an extended range of language, again with an English translation. The File contains visuals (Presentation sheets) which can be printed onto OHP acetates. These are

treatment, a fresh, modern typeface, and more graphic material than ever—charts, graphs, diagrams, instructive line illustrations, and where appropriate, amusing cartoons. Meanwhile, the quality of the books' contents remains at least as high as ever. Barron's E-Z books are self-help manuals focused to improve students' grades in a wide variety of academic and practical subjects. For most subjects, the level of difficulty ranges between high school and college-101 standards. Although primarily designed as self-teaching manuals, these books are also

preferred by many teachers as classroom supplements—and for some courses, as main textbooks. E-Z books review their subjects in detail, and feature both short quizzes and longer tests with answers to help students gauge their learning progress. Subject heads and key phrases are set in a second color as an easy reference aid. Barron's E-Z French instructs students with little or no prior knowledge of the language in informal conversational French. They'll find true-to-life dialogues with translations, skill-building exercises, useful verb conjugation

charts, explanations of grammatical terms, and many more language-learning features. Illustrations supplement the text and capture much of the spirit of contemporary France.
