The voice of reason in a world that won't shut up. The Sunday Times Bestseller Winner of the Parliamentary Book Awards Every day, James O'Brien listens to people blaming hard-working immigrants for stealing their jobs while scrounging benefits, and pointing their fingers at the EU and feminists for destroying Britain. But what makes James's daily LBC show such essential listening – and has made James a standout social media star – is the incisive way he punctures their assumptions and dismantles their arguments live on air, every single morning. In the bestselling *How To Be Right*, James provides a hilarious and invigorating guide to talking to people with unchallenged opinions. With chapters on every lightning-rod issue, James shows how people have been fooled into thinking the way they do, and in each case outlines the key questions to ask to reveal fallacies, inconsistencies and double standards. If you ever get cornered by ardent Brexiteers, Daily Mail disciples or corporate cronies, this book is your conversation survival guide.

First multi-year cumulation covers six years: 1965-70.
