Gods in Everyman by Jean Shinoda Bolen - Goodreads  
Gods in Everyman is a companion volume to Goddesses in Everywoman. Both are the archetypes in us, based on the gods and goddesses in Greek mythology. People are complex, there is a pantheon of these archetypes in each of us. They act from within us, and the more we know of them, and the more conscious we can be about ourselves, the better.

Traces the powerful archetypes that govern men's personalities, careers, and personal relationships and shows men how to identify the gods active within them and use this information to choose satisfying options

A classic work of female psychology that uses seven archetypal goddesses as a way of describing behavior patterns and personality traits is being introduced to the next generation of readers with a new introduction by the author. Psychoanalyst Jean Bolen's career soared in the early 1980s when *Goddesses in Everywoman* was published. Thousands of women readers became fascinated with identifying their own inner goddesses and using these archetypes to guide

## Read Free Gods In Everyman Jean Shinoda Bolen

themselves to greater self-esteem, creativity, and happiness. Bolen's radical idea was that just as women used to be unconscious of the powerful effects that cultural stereotypes had on them, they were also unconscious of powerful archetypal forces within them that influence what they do and how they feel, and which account for major differences among them. Bolen believes that an understanding of these inner patterns and their interrelationships offers reassuring, true-to-life alternatives that take women far beyond such restrictive dichotomies as masculine/feminine, mother/lover, careerist/housewife. And she demonstrates in this book how understanding them can provide the key to self-knowledge and wholeness. Dr. Bolen introduced these patterns in the guise of seven archetypal goddesses, or personality types,

## Read Free Gods In Everyman Jean Shinoda Bolen

with whom all women could identify, from the autonomous Artemis and the cool Athena to the nurturing Demeter and the creative Aphrodite, and explains how to decide which to cultivate and which to overcome, and how to tap the power of these enduring archetypes to become a better "heroine" in one's own life story.

Myths are fascinating stories that become even more intriguing when we realize that they can reveal intimate truths about ourselves and others. Jean Shinoda Bolen brings the Greek pantheon to life as our inner archetypes and applies the power of myth to our personal lives. Once we understand

## Read Free Gods In Everyman Jean Shinoda Bolen

the natural progression from myth to archetype to personal psychology, and realize that positive gifts and negative tendencies are qualities associated with a particular goddess within, we gain powerful insights. Depending on which goddess is more active within, one woman might be more committed to achieving professional success, while another more fulfilled as a wife and mother. Bolen teaches women how to decide which qualities to cultivate and which to overcome, and how to tap the power of these enduring archetypes to become a better heroine in their own life stories.

At some point after fifty, every woman crosses a threshold into the third phase of her life. As she enters this uncharted

## Read Free Gods In Everyman Jean Shinoda Bolen

territory -- one that is generally uncelebrated in popular culture -- she can choose to mourn what has gone before, or she can embrace the juicy crone years. In this celebration of Act 3, Jungian analyst Jean Shinoda Bolen names the powerful new energies and potentials, or archetypes, that come into the psyche at this momentous time, suggesting that women getting older have profound and exciting reasons for welcoming the other side of fifty. As Bolen has explained in her remarkable body of work, there are goddesses in every woman, deep archetypal sources of wisdom, authenticity and spirituality that, once tapped, energize us and give us a sense of meaning and self- acceptance. The knowledge of which archetypes are active within us at each phase of life-maiden, mother (or matron), and cronesupports us in making choices

## Read Free Gods In Everyman Jean Shinoda Bolen

that are true to who we are instead of conforming to others' ideas of who we should be. In Bolen's bestselling *Goddesses in Everywoman*, the classic work of the women's spirituality movement, the Greek goddesses personified these archetypes as they affected the first two phases of a woman's adult life. Now she explains that in the third stage, marked physiologically by menopause, there emerges a whole new cast of inner archetypes that a woman can draw on for guidance, creativity, personal integration, and joy. Once we learn to recognize these forces, we can feel empowered and wise, introspective and spiritual, sexually bold and full of mirth. For it is in the "wisewoman" years, when a woman has lived long enough to resolve the tasks of younger and middle adulthood, that she can fully and authentically become who

## Read Free Gods In Everyman Jean Shinoda Bolen

she deeply is. The generation of women who are approaching or who have reached the crone years is historically unique. Influenced by the women's movement, they have benefited from educational opportunities, women's support networks, and economic resources as excellent preparation for decades of active postmenopausal life. By recognizing the goddess archetypes that emerge in this phase, women of this special generation will be enabled to transform the crone years into the best years of their lives.

☐Jean Shinoda Bolen provides ancient and modern ways to be our authentic, courageous, and passionate selves. Jean herself is an Artemis.☐☐Gloria Steinem Worshiped in Ancient Greece as a protectress of young girls, Artemis was the

goddess of hunting, nature, and chastity—the original “wild woman.” In *Artemis*, Jungian analyst and bestselling author, Jean Shinoda Bolen, revives the goddess Artemis to reclaim the female passion and persistence to survive and succeed. But an indomitable spirit isn’t just reserved for the gods. In her book, Dr. Bolen revives the myth of Atalanta, an archetypal Artemis and mere mortal. To Atalanta, fate was no obstacle. Left to die because she was born a girl, she faces the Calydon Boar and outruns any man attempting to claim her as his wife. In *Artemis*, women are encouraged to discover their inner heroine—the activist who never gives up, who cannot be subdued. Whether women’s rights activists or Princess Merida from *Brave*, the Artemis personality is embodied in the modern women. Hailed by Isabel Allende, as

## Read Free Gods In Everyman Jean Shinoda Bolen

a beautiful, inspiring book, Artemis is dedicated to all women and girls who discover her unconquerable spirit in themselves or others. Inside find:

- Examples of Artemis in real-life and popular culture
- Ancient and modern ways to be your authentic self
- A source of strength, power, and integrity

Bolen connects Artemis to contemporary figures such as environmental activist Julia Butterfly Hill, author Cheryl Strayed, and journalist Lara Logan . . . Bolen also discusses other goddess archetypes, including the romance-oriented Aphrodite, contemplative Hestia, and Hecate, the wise crone. The exploration of Artemis and Atalanta as feminist icons is compelling. Publishers Weekly

"For women there is nothing more liberating than age if we

## Read Free Gods In Everyman Jean Shinoda Bolen

learn to use our energy, power and compassion." -- Back cover.

In its original edition, this culmination of Jean Shinoda Bolen's life's work sold over 25,000 copies. Now in paperback for the first time *Urgent Message from Mother* is a call to action for all the women of the world. This unique combination of visionary thinking and practical how-to seeks to galvanize the power of women acting together in order to save our world. Bolen outlines the lessons we can learn from the women's movement, draws on Jungian psychology and the sacred feminine, and gives powerful examples of women coming together all over the globe and making a significant impact.
