"Ancient gods, avenging angels and other beings of myth and legend all have one thing in common: they exist. They're called Estilorians. Amber Hopkins is one of them ... well, half of one, anyway. If only she knew it. Begin the journey with the Daughters of Saraqael as they fight to save an entire race of beings"--From author website.

A guide for dealing with some of the age-old questions about life and living, originally compiled for a therapist's patients, offers advice, comfort, and inspiration

Weygandt, Managerial Accounting , 6th Edition gives students the tools they need to succeed, whether as accountants or in other career paths. The authors present the fundamental concepts of managerial accounting in an easy-to-understand fashion in a decision-making framework for a one semester, undergraduate managerial accounting course. With an expanded emphasis on student learning, Weygandt Managerial Accounting 6th Edition demonstrates how invaluable management accounting information is to business decision-making. The author team of Weygandt, Kimmel, and Kieso provide students with pedagogy that helps develop decision-making skills, so students can be successful as future business professionals. The decision making pedagogy, easy-to-understand writing style, and quality end of chapter material have been the hallmark features that have made Managerial Accounting, by Weygandt, Kimmel, and Kieso one of the most popular books for this course. Real-World Emphasis – the authors continue the practice of using numerous examples from real-world companies in chapter openers and in the Management Insight boxes. Accounting Across the Organization – gives students business context by showing how people, often in non-accounting functions, use accounting information to make decisions. Expanded Emphasis Service Company – prepares students for work in the service industry market, and shows that accounting is relevant to both service and manufacturing companies. Do IT! Exercises – teach students how to apply their knowledge quickly after they've learned it. Comprehensive Homework Material – each chapter concludes with Self-Test Questions, Questions, Brief Exercises, Do IT! Review, Exercises, and Problems. Broadening Your Perspective Section – is designed to help develop students' decision-making and critical thinking skills. New to this Edition Use of Current Designs (kayak-making company)–introduced in new Chapter 1 Feature Story, and is the basis for new Broadening Your Perspective problem– presents managerial accounting situations that are based on the operations of a real company. People, Planet, and Profit Insight Boxes, featuring sustainability approaches of real companies. New Broadening Your Perspective problem: Considering People, Planet, and Profit, which requires students to consider examples of real cases, such as the costs associated with an oil-refinery accident versus the costs of improving safety/work conditions. New Wiley Managerial Accounting Videos use real, successful companies to demonstrate and reinforce managerial accounting concepts. New easy-to-read spreadsheet illustrations improve readability as well

as comparability to Excel. Bloom's taxonomy codes added to Brief Exercises, Do it! Review, Exercises and Problems, for quick assessment categorization. Updated End-of-chapter homework material.

Television is about saving time and money, hitting deadlines and making the best of what is available. Anticipating the problems is essential when shooting on location - keep this book handy and avoid the dangers! Television is about saving time and money, hitting deadlines and making the best of what is available. Anticipating the problems is essential when shooting on location - keep this book handy and avoid the dangers! In order to work in television you need a sound grasp of the practical realities. This book is a handy reference source for anyone involved in location shooting. It details the organisational and legal requirements that programme makers are likely to encounter, telling you which authorities to approach, what legal procedures need to be observed and a wealth of tips for health and safety. Formerly A Production Handbook, this book has now been completely revised to include the latest programme making procedures. Its new layout offers the reader a more practical and user friendly text. If you are a: - director - producer - pa - production manager - location manager - researcher - TV journalist ...you will find this book essential in helping each shoot run more smoothly. Peter Jarvis is currently a Director of Television Training International and is a freelance producer/director. He has worked for 25 years as Senior Instructor in BBC Elstree's television Training Department.

Jelly, jiggly. What will hatch? Wiggly, squiggly. . . tadpole. What is more exciting than waiting for an egg to hatch? Creatures of all varieties begin inside an egg-and those eggs also come in all shapes and sizes. From a squiggly tadpole to fuzzy robin to a leathery platypus, this charming text and unique illustrations show eight different animals as they begin life. With a cut-out on each page readers will have fun guessing... what will hatch?

Qt is one of the most influential graphical toolkits for the Linux operating system and is quickly being adopted on other platforms (Windows, Mac OS) as well. It is necessary to learn for all Linux programmers. This book takes the reader step by step through the complexities of Qt, laying the groundwork that allows the reader to make the step from novice to professional. This book is full of real world examples that can be quickly integrated into a developer's project. While the reader is assumed to be a beginner at Qt development, they are required to have a working knowledge of C++ programming.
