Examination

In recent years there has been increased attention paid to the importance of assessment in Geographical Education, the chosen subject for this book. Assessment is an important tool for collecting information

Grade 11

about student learning and for providing timely data to inform key stakeholders including students, teachers, parents and policymakers. To be effective, assessment needs to be valid, reliable and fair. Validity is about ensuring that we assess what we claim we are assessing.

File Type PDF

Grade 11

Reliability is about measuring performance and understanding in a consistent way.

Without validity and reliability, assessment is unlikely to provide equitable opportunities for students to demonstrate what they know and can do. As geography

track and improve
student learning.

While there is a
substantial literature
on evidence-based
assessment in
secondary school
contexts, research
exploring best-
practice assessment
in geography is rare.
This is a concern
given the distinctive
nature of geography

across the globe.

These chapters
provide examples of
innovation through the
collective voices of
geography teacher
educator scholars
from across Australia,
USA, South Korea,
Germany, Switzerland
and Singapore. What
unifies the work in this
book, is that each
