beaten the odds
and set the

one of the toughest
trades around? In
this landmark
book, Danny
shares the lessons
he's learned while
developing the
winning recipe for
doing the business
he calls
"enlightened

hospitality." This innovative philosophy emphasizes putting the power of hospitality to work in a new and counterintuitive way: The first and most important application of hospitality is to the people who work for you, and then,

Download Ebook Grande

in descending order of priority, to the guests, the community, the suppliers, and the investors. This way of prioritizing stands the more traditional business models on their heads, but Danny considers it the foundation of every success that he

and his restaurants
have achieved.

Some of Danny's
other insights:

Hospitality is
present when
something happens
for you. It is absent
when something
happens to you.

These two simple
concepts—for and
to—express it all.

Context, context,

Download Ebook Grande

context, trumps
the outdated
location, location,
location. Shared
ownership
develops when
guests talk about a
restaurant as if it's
theirs. That sense
of affiliation builds
trust and invariably
leads to repeat
business. Err on
the side of

generosity: You get more by first giving more. Wherever your center lies, know it, name it, believe in it. When you cede your core values to someone else, it's time to quit. Full of behind-the-scenes history on the creation of Danny's most famous restaurants
