Bridging Activities - Programming (10 min)

This activity will help bring the unplugged concepts from "Graph Paper Programming" into the online world that the students are moving into. Preview of Online Puzzles as a Class.

Pull up a puzzle from the lesson. We recommend puzzle 6 for this activity. Break up the students into groups of three or four.

Where To Download Graph Paper Programming Code

Graph paper programming is an unplugged activity to teach students how to write an algorithm (a set of instructions) using a set of predefined commands to reproduce a drawing. Students provide each other with instructions to reproduce an existing picture by coloring in squares on graph paper.

Thinking about the right commands to use and the order required to use them is a critical part of computational thinking. 150 pages

Page Colour: White Cover Finish: Matte
