An alter ego (pronounced awl -ter ee -goh) is a secondary self. The fascination behind an alter ego is in its secrecy—it's almost always a second identity or life that is being hidden from a person or character's friends, family, and others around them.

Now a Wall Street Journal bestseller. What if the games we played as children were the greatest gift to helping us achieve more today? Before stage fright, impostor syndrome, emotional baggage, and the other dubious gifts of adulthood, everyone pretended to be a superhero, a favorite athlete, an inspiring entertainer, a nurse, a firefighter, a lion, or whatever else captured our imaginations. And yet, that natural creativity is slowly squeezed out of us because we think it's childish or it's "time to grow up." Now Todd Herman—backed by scientific research and countless stories from the real world—will show us how to tap into the human imagination to unleash new versions of ourselves, ready-made to kick ass. Herman has been coaching champions in every field for over twenty years, and he's helped them bring out their Heroic Self to transcend the forces pulling them into the Ordinary World. Anyone attempting ambitious things faces adversity, resistance, and challenges, but Herman confronts these obstacles with a question: Who or what needs to show up to make success inevitable? In The Alter Ego Effect, Herman presents countless stories from salespeople, executives, entertainers, athletes, entrepreneurs, creatives, and historical figures to illustrate how to activate the Heroic Self already nested inside each of us. And he reveals that we may not be using those traits in the moments when we need them the most. From the creative entrepreneur who resisted their craft, to the accomplished military officer who wanted to be a warmer dad at home, Todd Herman's clients have discovered there is no end to the parts of their lives they could improve by using Alter Egos.

Cowritten by USA Today best-selling author Tara Sivec and award-winning narrator Andi Arndt, a hysterically funny, heartfelt romance about starting over and taking chances. Nothing good ever comes from drinking a box of wine alone. So when I decided to entertain my drunken self by setting up some hand-me-down podcasting equipment and reading the steamy parts from romance novels, I never thought anyone would actually listen. The fact that I admitted my huge crush on my sexy next door neighbor made the whole thing even more mortifying. But sometimes life surprises you, and that's how my podcast, Heidi's Discount Erotica, was born. Now I, Heidi Larsen, a sweet former kindergarten teacher in Waconia, Minnesota, lead a scandalous double life reading erotic novels to the listening world. And with each episode, I find myself embracing my new alter ego more and more. Now I'm starting to feel more comfortable in my own skin and do things I never would have dreamed of - like kissing my neighbor. Look out, Waconia, because Heidi's on the loose! She's in your ears, in your hearts, and down your pants...wait, that didn't sound as good as it did in my head. Well, you get the picture, don'tcha know!

Offering the possibility of a new relationship between teachers and learners, this book describes an approach to teaching styles and student progress, whereby the emphasis is on activity-based learning, rather than on teaching, and on teacher-student collaboration, rather than instruction. The book aims to show how students of any age and ability can take responsibility for their own learning in an environment of positive regard, as teachers become facilitators rather than instructors.
