It actually celebrates the birth of the first guru [...]

Discourses by an Indian sectarian religious leader.

Ek Onkar Satnam is the essence of Japji Sahib the message of Nanak that emerged as Sikh Religion. Indeed Ek Onkar Satnam is the Heartbeat of Nanak. The entire religion is condensed in these three words EK, OnKAR, and SATNAM. Afterwards whatever Nanak overflowed is for your understanding. Otherwise the message is complete. Beyond dualities, conditionings, and your beliefs lays the realm of Buddhas. Nanak is a Buddha - one who has not only attained to this Oneness with that which is, instead has harnessed this energy field for the transformation of human consciousness. Japji Sahib is the expression of Truth as envisaged by Nanak and occupies a foremost place in Sikh religion. Ek Omkar Satnam is the heartbeat of Nanak and Japji Sahib is the fragrance of the inner flowering. The effort is to harness and present truth that rendered Nanak, Buddha, Kabir, Osho, Krishnamurti, Jesus and Mahabir Enlightened in its sublime and nascent form through this work. Truth is sublime. Truth is beyond religions and even your gods and goddesses. Truth is solitary. Truth is auspicious. Truth is beyond duality. So is bliss or Anand. Truth has nothing to do with Sikh, Hindu, Muslim, Christian or Jew. Truth is beyond these narrow boundaries. Your conditioning, your values, and your understanding have no correlation with Truth. A Hindu mind listens to that which resonates and strengthens his mind. So is the case with a Sikh, Christian, Mohammedan and other sects as well. You are listening simply to strengthen your mind. Nanak is unique. And he is unique in many ways. Nanak happened before Tulsidas. Social values were declining. Politically that was the beginning of a new era. The message of the masters was losing its inner fabric. Nanaks role was to resurrect all these. Nanak came like a fresh breeze. Look at the earlier scriptures. Valmiki used one meter throughout the entire narration of Ramayana. So too the same one meter Anustup with each composition of four quadrants and two lines each is the meter used throughout the text - the Bhagvad Gita. All this describes one set pattern. Bhagwad Gita is the path of Yoga although different paths of Yoga are explained. And Ramayana is the story of Rama on the platter of Bhakti. Nanak has used different meter in each Pauri. The Japji Sahib does not follow any strict meter of poetry and even the rhyming seems, at places, uneven and incoherent. Besides, sometimes the basic line of thought appears to be intruded upon by verses in between, particularly if one relies solely upon translations and word meanings. This explains that through each Pauri Nanak goes into in-depth message of different systems of transformation used by the masters and paths. Anyone with linear consciousness or one track mind and understanding cannot understand Nanak. Only a master whose consciousness has reached its pinnacle Or has merged with the ultimate can explain various systems of transformation of human consciousness as interwoven through various Pauris of Japji Sahib. Allow this nectar to ooze into being.

On Sikh gurus and Sikhism.

The unique feature of this book is its down-to-earth practicality Here you are presented with simple, usable techniques and formulas, which you can easily apply in your workaday world. I have taught these simple processes to men and women all over the world, and recently over a thousand men and women of all religious affiliations attended a special class in Los Angeles where I presented the highlights of what is offered in the pages of this book. Many came from distances of two hundred miles for each class lesson. The special features of this book will appeal to you because they show you why oftentimes you get the opposite of what you prayed for and reveal to you the reasons why. People have asked me in all parts of the world and thousands of times, "Why is it I have prayed and prayed and got no answer?" In this book you will find the reasons for this common complaint. The many ways of impressing the subconscious mind and getting the right answers make this an extraordinarily valuable book and an ever present help in time of trouble.

The Mool Mantra - the Essence of Sikh Religion'Ek Omkar Satnam' is the Mool Mantra - the Invocation. This is the essence. The entire Sikh religion is condensed in these three words. After this all that Nanak spoke is the explanation. Not everyone is at the same plain as Nanak is. And if that has been the case then there was no need for Nanak. The explanation is therefore needed. This is the methodology or Tariqat or the Way of Nanak to bring transformation in you. This is the way for the transformation of human consciousness. 'EK OMKAR SATNAM' is the remembrance and salutation of that which is. And there can be no better way than remembering the attributes of that which is. There is a significant difference between the invocation you do and the invocation of Nanak. The words Nanak is using as attribute are his experience.These are the words of the one who has known. When a master uses certain words there is certainly a difference. In fact it is the master who gives his fragrance to these words. Each word that Nanak has used echoes his fragrance and his being. Nanak experienced his beloved and out of that experience these words overflow.Nanak's path is full of songs. Nanak's search is unique. Remember Nanak did no Yoga! No Tap! No Dhyanal'Nanak simply sang. And thus attained to oneness with the Ultimate! Nanak sang with so much totality that his song became 'dhyana' (meditation). Song became Yoga! Also song became tap or austerities.

The book contains high quality papers presented in the Fifth International Conference on Innovations in Electronics and Communication Engineering (ICIECE 2016) held at Guru Nanak Institutions, Hyderabad, India during 8 and 9 July 2016. The objective is to provide the latest developments in the field of electronics and communication engineering specially the areas like Image Processing, Wireless Communications, Radar Signal Processing, Embedded Systems and VLSI Design. The book aims to provide an opportunity for researchers, scientists, technocrats, academicians and engineers to exchange their innovative ideas and research findings in the field of Electronics and Communication Engineering.

Guru Nanak was deeply spiritual from an early age, having being born into a society caught in the throes of orthodoxy and ritualism. The ills of child marriage, infanticide and a rigid caste system had further crippled his people. The outpouring of Nanak’s faith evolved into the universal message of the omnipresence and existence of one God, of true love, equality and compassion, which appealed to Hindus and Muslims alike. Drawing upon the various myths and legends contained in anecdotal biographies and placing them in as precise a historical framework as possible, The Book of Nanak traces the chronology of the main events of Nanak’s life. It sheds new light on Guru Nanak’s message and includes translations of some of his hymns, which continue to inspire people the world over.
