A collector of obscure and macabre artifacts, unscrupulous metal band musician Judas Coyne is unable to resist purchasing a ghost over the Internet, which turns out to be the vengeful spirit of his late girlfriend's stepfather. Reprint.

Judas Coyne is a collector of the macabre: a cookbook for cannibals . . . a used hangman's noose . . . a snuff film. An aging death-metal rock god, his taste for the unnatural is as widely known to his legions of fans as the notorious excesses of his youth. But nothing he possesses is as unlikely or as dreadful as his latest purchase, an item he discovered on the Internet: I will sell my stepfather's ghost to the highest bidder . . . For a thousand dollars, Jude has become the owner of a dead man's suit, said to be haunted by a restless spirit. But what UPS delivers to his door in a black heart-shaped box is no metaphorical ghost, no benign conversation piece. Suddenly the suit's previous owner is everywhere: behind the bedroom door . . . seated in Jude's restored Mustang . . . staring out from his widescreen TV. Waiting-with a gleaming razor blade on a chain dangling from one hand . . .

Judas Coyne is a collector of the macabre: a cookbook for cannibals . . . a used hangman's noose . . . a snuff film. An aging death-metal rock god, his taste for the unnatural is as widely known to his legions of fans as the notorious excesses of his youth. But nothing he possesses is as unlikely or as dreadful as his latest discovery, an item for sale on the Internet, a thing so terribly strange, Jude can't help but reach for his wallet. I will "sell" my stepfather's ghost to the highest bidder. . . . For a thousand dollars, Jude will become the proud owner of a dead man's suit, said to be haunted by a restless spirit. He isn't afraid. He has spent a lifetime coping with ghosts-of an abusive father, of the lovers he callously abandoned, of the bandmates he betrayed. What's one more? But what UPS delivers to his door in a black heart-shaped box is no imaginary or metaphorical ghost, no benign conversation piece. It's the real thing. And suddenly the suit's previous owner is everywhere: behind the bedroom door . . . seated in Jude's restored vintage Mustang . . . standing outside his window . . . staring out from his widescreen TV. Waiting-with a gleaming razor blade on a chain dangling from one bony hand. . . . A multiple-award winner for his short fiction, author Joe Hill immediately vaults into the top echelon of dark fantasists with a blood-chilling roller-coaster ride of a novel, a masterwork brimming with relentless thrills and acid terror.

'Buy my stepfather's ghost' read the e-mail. So Jude did. He bought it, in the shape of the dead man's suit, delivered in a heart-shaped box, because he wanted it: because his fans ate up that kind of story. It was perfect for his collection: the genuine skulls and the bones, the real honest-to-God snuff movie, the occult books and all the rest of the paraphernalia that goes along with his kind of hard/goth rock. But the rest of his collection doesn't make the house feel cold. The bones don't make the dogs bark; the movie doesn't make Jude feel as if he's being watched. And none of the artefacts bring a vengeful old ghost with black scribbles over his eyes out of the shadows to chase Jude out of his home, and make him run for his life ...

After his childhood sweetheart is brutally killed and suspicion falls on him, Ig Parrish goes on a drinking binge and wakes up with horns on his head, hate in his heart and an incredible new power, a power he uses in the name of vengeance, only to learn that, when it comes to revenge, the devil is in the details. By the best-selling author of Heart-Shaped Box. 250,000 first printing.

From the award-winning, New York Times bestselling author of NOS4A2 and Heart-Shaped Box comes a chilling novel about a worldwide pandemic of spontaneous combustion that threatens to reduce civilization to ashes and a band of improbable heroes who battle to save it, led by one powerful and enigmatic man known as the Fireman. The fireman is coming. Stay cool. No one knows exactly when it began or where it originated. A terrifying new plague is spreading like wildfire across the country, striking cities one by one: Boston, Detroit, Seattle. The doctors call it Draco Incendia Trychophyton. To everyone else it's Dragonscale, a highly contagious, deadly spore that marks its hosts with beautiful black and gold marks across their bodies-before causing them to burst into flames. Millions are infected; blazes erupt everywhere. There is no antidote. No one is safe. Harper Grayson, a compassionate, dedicated nurse as pragmatic as Mary Poppins, treated hundreds of infected patients before her hospital burned to the ground. Now she's discovered the telltale gold-flecked marks on her skin. When the outbreak first began, she and her husband, Jakob, had made a pact: they would take matters into their own hands if they became infected. To Jakob's dismay, Harper wants to live-at least until the fetus she is carrying comes to term. At the hospital, she witnessed infected mothers give birth to healthy babies and believes hers will be fine too. . . if she can live long enough to deliver the child. Convinced that his do-gooding wife has made him sick, Jakob becomes unhinged, and eventually abandons her as their placid New England community collapses in terror. The chaos gives rise to ruthless Cremation Squads-armed, self-appointed posses roaming the streets and woods to exterminate those who they believe carry the spore. But Harper isn't as alone as she fears: a mysterious and compelling stranger she briefly met at the hospital, a man in a dirty yellow fire fighter's jacket, carrying a hooked iron bar, straddles the abyss between insanity and death. Known as The Fireman, he strolls the ruins of New Hampshire, a madman afflicted with Dragonscale who has learned to control the fire within himself, using it as a shield to protect the hunted . . . and as a weapon to avenge the wronged. In the desperate season to come, as the world burns out of control, Harper must learn the Fireman's secrets before her life-and that of her unborn child-goes up in smoke.

Rachel Lucas's My Box-Shaped Heart is a powerful YA novel about an unlikely friendship between two struggling teens-and how they come together to help one another. Holly's mom is a hoarder, and Holly is fed up with being picked on at school for being weird . . . and having the wrong clothes . . . and sticking out. All she wants is to fit in. She loves swimming, because in the water everyone is the same. Ed goes to the swimming pool because everything else in his life has changed. In his old life, he had money, was on the swim team, knew who he was and what he wanted. In his old life, his dad hit his mom. Holly is swimming in one direction and Ed's swimming in the other. As their worlds collide they find a window into each other's lives-and learn how to meet in the middle.
