Millions of Christians have struggled with how to reconcile God's love and God's judgment: Has God created billions of people over thousands of years only to select a few to go to heaven and everyone else to suffer forever in hell? Is this acceptable to God? How is this "good news"? Troubling questions—so troubling that many have lost their faith because of them. Others only whisper the questions to themselves, fearing or being taught that they might lose their faith and their church if they ask them out loud. But what if these questions trouble us for good reason? What if the story of heaven and hell we have been taught is not, in fact, what the Bible teaches? What if what Jesus meant by heaven, hell, and salvation are very different from how we have come to understand them? What if it is God who wants us to face these questions? Author, pastor, and innovative teacher Rob Bell presents a deeply biblical vision for rediscovering a richer, grander, truer, and more spiritually satisfying way of understanding heaven, hell, God, Jesus, salvation, and repentance. The result is the discovery that the "good news" is much, much better than we ever imagined. Love wins.

Satan and his minions have declared war on the most beautiful planet in the universe his purpose is to depose Michael the archangel and become second only to God in command of all creation. Standing in Satan's way are a scattered and disorganized host of angels, a group of inexperienced saints, a small band of humans, and some angelic rebels in Hell. Armed with faith full power, Abaddon the Destroyer creates a formidable army to challenge the evil targeting Earth. Author of best selling Heaven and Hell, Kenneth Zeigler again draws from his research to create a realistic tale where science, the supernatural, and life and death teeter on the edge of eternal joy or damnation.

No connections. Play it safe. These were the rules Ivey lived her life by. Until she hit Mustang, Colorado, a perfectly imperfect town where the citizens were welcoming and one of them included the tall, beautiful, macho man rancher cowboy, Grayson Cody. On the run for a decade, Ivey knew she was supposed to play it safe. But she was tired of being on the run. She wanted a normal. She wanted real. She wanted a home. And she wanted Grayson Cody. And Grayson Cody wanted Ivey. No one who looked at them couldn't see they belonged together. There was one man in this world for Ivey and one woman in this world for Grayson Cody. So they fell in love. But just as quickly as they fell together, they were betrayed and torn apart. Separated for years, Ivey was certain her life would not include her rancher cowboy. Until the town of Mustang reached out to her when Gray was in trouble. Even though she thought he broke her heart, she charged in to help. Then Gray and Ivey discovered they were betrayed and, not only that, Gray had an enemy who would stop at nothing to defeat him.

Bestselling author Rob Bell offers a provocative book which gets to the heart of questions about life and death. His perspective, encapsulated by his famous slogan 'love wins', will surprise and challenge both Christians and atheists, and will inspire people of all faiths and none.

Early in her life, Josephine Malone learned the hard way that there was only one person she could love and trust: her grandmother, Lydia Malone. Out of necessity, unconsciously and very successfully, Josephine donned a disguise to keep all others at bay. She led a globetrotting lifestyle on the fringes of the fashion and music elite, but she kept herself distant. While Josephine was trotting the globe, retired boxer Jake Spear was living in the same small town as Lydia. There was nothing disguised about Jake. Including the fact he made a habit of making very bad decisions about who to give his love. But for Josephine and Jake, there was one person who adored them. One person who knew how to lead them to happiness. And one person who was intent on doing it. Even if she had to do it as her final wish on this earth.

When Lily Jacobs was born, she inherited Fazire – a genie. Her family had three wishes and they'd only ever used one so Fazire was stuck in the human world. This worked since he'd become a member of the family anyway. Even with a genie, Lily's young life wasn't perfect. To escape the kids making her miserable at school, Lily buried herself in romance novels. One day, when the teasing was just too much, she used one of her wishes. She told Fazire she wanted to find a man like in her books and she made the most complicated wish Fazire had ever heard. Her wished-for man had to be impossibly handsome, virile, fierce, rugged and ruthless (amongst a dozen other things). He also had to think she was beautiful and he had to love her more than anything in the world. Nathaniel McAllister wasn't born to a life where there were such things as genies granting wishes. His life was filled with drugs, crime and neglect. He was running errands for a gangster before he was in his teens and, even though life and hard work led him to wealth and respectability, he always knew, deep down, he was dirty. When Nate met Lily he knew he was no good for her but as virile, fierce, rugged and ruthless as he was, Nate was no match for the pull of sweet, innocent Lily. Unfortunately, Lily's wish included that she and her hero go through trials and tribulations to test their love. And Fazire wasn't only a good genie, he loved Lily – so he gave her exactly what she wanted.

Now, with the help of a famous scientist from the past, Chris endeavors to pull off the ultimate prison break.
