The book, *Beyond Good & Evil*, is written by a philosopher, Freidrich Nietzsche (15th October 1844 – 25th August, 1900). He was a German philosopher. He was a composer, poet, writer, and philologist also. Although he started his career as a philologist then he switched over to philosophy. He became the youngest person ever to hold the chair of Classical Philology at the University of Basel. But due to his health problem he couldn't continue. In the book, Nietzsche has criticizes the past philosophers due to lacking in their critics quality and also their accepting dogmatic concepts blindly. It narrates about leaving traditional morality, which the author subjects to a destructive critique. He suggest fearless confrontation against the perilous condition of modern individual. It is a comprehensive overview of Nietzsche's mature philosophy. Nietzsche asks the question, "What compel us to assume there exists any essential antithesis between 'true' and 'false'?" He discusses the complexities of the German soul. He praises France as "the seat of Europe's most spiritual and refined culture and the leading school of taste." In prophetic statement, Nietzsche proclaims that "the time for petty politics is the things of past; the very next century will bring with it the struggle for mystery over the whole earth.

In Portuguese and English.

Sob a ótica do 3º milênio, foram revistas, analisadas e comentadas neste livro todas as fulgurantes e revolucionárias ideias defendidas por Beccaria em seu livro *Dos delitos e das penas*, publicado em julho de 1764 (Livorno-Itália), de forma anônima. Beccaria foi o mais contundente crítico do sistema penal medieval do Antigo Regime, que confundia o delito com o pecado e processava todos os acusado de qualquer delito consoante as desumanas formas inquisitivas fundadas na denúncia anônima, prisão cautelar imediata e tortura para confessar e delatar. A pena frequente era a de morte, imposta pelo mesmo ?juiz? que investigava de maneira secreta e sem direito de defesa. Beccaria expôs criticamente os fundamentos do direito de castigar, os princípios estruturantes que o limitam, os requisitos mínimos da imputação penal, alguns aspectos dos crimes mais graves do seu tempo, as sanções cruéis aplicadas e o procedimento desumano e degradante que se adotava. Ele continua mais atual que nunca nesta era de tantas violações dos direitos fundamentais por uma Justiça do século XXI que recorda em todo mundo a Inquisição dos séculos XV-XVIII

"The Dream Society . . . provides dramatic insights into how marketing will operate in the 21st century." *Atlanta Business Chronicle* A fascinating look into the future of business, as featured in *Fast Company* The future is uncertain the world is constantly changing. While anything can happen, some things are far more likely than others. Rolf Jensen, internationally renowned futurist, provides readers with a tangible look at what the future will be like over the next 25 years. By identifying what lies ahead, Jensen gives people the knowledge they need to make informed decisions and strategically align themselves to capitalize on the unknown future, a future Jensen calls "the Dream Society." This dream society is characterized by the commercialization of emotions. In this provocative exploration, Jensen says that it will no longer be enough to produce a useful product. He shows that, for a product to be successful, its primary purpose will be the ability to fulfill an emotional need. Those who understand the workings of this dream society will be the ones who create the new products, new markets, and new businesses that dominate the world of tomorrow.

A fireman in charge of burning books meets a revolutionary school teacher who dares to read. Depicts a future world in which all printed reading material is burned.

A piercing and scientifically grounded look at the emergence of the coronavirus pandemic and how it

will change the way we live—"excellent and timely." (The New Yorker) Apollo's Arrow offers a riveting account of the impact of the coronavirus pandemic as it swept through American society in 2020, and of how the recovery will unfold in the coming years. Drawing on momentous (yet dimly remembered) historical epidemics, contemporary analyses, and cutting-edge research from a range of scientific disciplines, bestselling author, physician, sociologist, and public health expert Nicholas A. Christakis explores what it means to live in a time of plague—an experience that is paradoxically uncommon to the vast majority of humans who are alive, yet deeply fundamental to our species. Unleashing new divisions in our society as well as opportunities for cooperation, this 21st-century pandemic has upended our lives in ways that will test, but not vanquish, our already frayed collective culture. Featuring new, provocative arguments and vivid examples ranging across medicine, history, sociology, epidemiology, data science, and genetics, Apollo's Arrow envisions what happens when the great force of a deadly germ meets the enduring reality of our evolved social nature.

In this brilliant meditation on conceptions of history, Le Goff traces the evolution of the historian's craft. Examining real and imagined oppositions between past and present, ancient and modern, oral and written history, *History and Memory* reveals the strands of continuity that have characterized historiography from ancient Mesopotamia to modern Europe.

The book *Lifhack* calls "The Bible of business and personal productivity." "A completely revised and updated edition of the blockbuster bestseller from 'the personal productivity guru'" —Fast Company Since it was first published almost fifteen years ago, David Allen's *Getting Things Done* has become one of the most influential business books of its era, and the ultimate book on personal organization. "GTD" is now shorthand for an entire way of approaching professional and personal tasks, and has spawned an entire culture of websites, organizational tools, seminars, and offshoots. Allen has rewritten the book from start to finish, tweaking his classic text with important perspectives on the new workplace, and adding material that will make the book fresh and relevant for years to come. This new edition of *Getting Things Done* will be welcomed not only by its hundreds of thousands of existing fans but also by a whole new generation eager to adopt its proven principles.

Set in 1940s and '50s provincial Brazil, *House of the Fortunate Buddhas* is perhaps most startling for its fiery, uninhibited, and highly compelling narrator. By force of her intelligence, courage, and strength of will, she achieves an unlikely liberation of both mind and body, and her sardonic, frank—some have called it pornographic—monologue is an unforgettable work of literary ventriloquism, telling the story of one woman's journey toward fulfillment. From the book: "I decided to give my testimony orally, instead of writing it down, for several reasons, the major one being arthritis. No, let's cut that last line out! I don't have arthritis, and even if I did, I certainly wouldn't let any get into my book. So, fine: preface. I decided to give my testimony orally instead of in writing mainly because it's impossible to write about sex, at least in Portuguese, without coming off like a prostitute who's just been asked to 'talk dirty' for the twentieth time in the same day . . ." *House of the Fortunate Buddhas* has been translated into French (winning the Grinzane Cavour Prize), Italian, and Spanish, and was adapted into a hit one-woman play in Brazil.
