An extraordinary memoir about finding wonder in everyday life, from magician Nate Staniforth. Nate Staniforth has spent most of his life and all of his professional career trying to understand wonder--what it is, where to find it, and how to share it with others. He became a magician because he learned at a young age that magic tricks don't have to be frivolous. Magic doesn't have to be about sequins and smoke machines--rather, it can create a moment of genuine astonishment. But after years on the road as a professional magician, crisscrossing the country and performing four or five nights a week, every week, Nate was disillusioned, burned out, and ready to quit. Instead, he went to India in search of magic. Here Is Real Magic follows Nate Staniforth's evolution from an obsessed young magician to a broken wanderer and back again. BESTSELLING BOOK In this inspirational guide, Wayne Dyer, the author of the phenomenal bestsellers *Wisdom of the Ages*, *Pulling Your Own Strings*, and *Your Erroneous Zones*, reveals seven beliefs central to working miracles in our everyday lives. When most of us think of magic, we picture a man in a black cape sawing a woman in half, or a sleight-of-hand card trick. But there's another kind of magic — real magic — that can enrich your life. According to Dyer, real magic means creating miracles in everyday life. Quitting smoking or drinking, achieving new Job success, or finding a happy relationship — these are all miracles because they transcend our perceived limitations. From "creating a miracle mind-set" and achieving change in the areas of personal health, prosperity, and fulfilling love relationships to believing in the magic of miracles on a global scale, Dyer shows us that miracles within our reach and within our own minds. In *Real Magic*, Dyer teaches us how to achieve a higher level of consciousness. He asks us to imagine what would make us happy, then offers specific strategies for attaining these goals. In every aspect of our individual lives — physical health, finances, intimate relationships, and personal identity — there is always room for a miracle or two. And with Dyer's help, each and every one of us can be a miracle worker.

Cut through the busyness and anxieties of daily life to discover the simple happiness of living in the present moment, as taught by a world-renowned Zen monk In this book, Thich Nhat Hanh — Zen monk, author, and meditation master — distills the essence of Buddhist thought and practice, emphasizing the power of mindfulness to transform our lives. But true mindfulness, Hanh explains, is not an escape. It is being in the present moment, totally alive and free. Based on a retreat that Thich Nhat Hanh led for Westerners, *You Are Here* offers a range of effective practices for cultivating mindfulness and staying in the present moment — including awareness of breathing and walking, deep listening, and skillful speech. These teachings will empower you to witness the wonder of life and transform your suffering, both within and outside you, into compassion, tenderness, and peace. As Thich Nhat Hanh declares, "the energy of mindfulness is the energy of the Buddha, and it can be produced by anybody." It is as simple as breathing in and breathing out.

Carol Tyler has been a professional (and highly acclaimed) cartoonist for over 20 years, appearing in such venues as *Weirdo*, *Wimmen's Comix*, and *Drawn & Quarterly* magazine. But over the years her status as a working mother has drastically curtailed her ability to set aside time for her cartooning. Thus each rare new story from her pen has been greeted with hurrahs as well they should be, because she's one of the most skillful, caustic, and emphatic cartoon storytellers of her generation. This new book presents the biggest, richest and most delightful collection of Tyler's work to date featuring many new and previously unpublished works. p.p1 {margin: 0.0px 0.0px 0.0px 0.0px; font: 13.9px Arial; color: #424242}
