After a night of

termites and ants,
Pangolin bumps
into Lion as she is
returning to her
burrow to sleep.
Since she is not a

Hyena believes that none of the animals like her. She thinks that if she changes her identity she will be accepted and liked. But Hyena doesn't realise that each animal has a unique set of skills and, no matter how hard she tries, a hyena can't

Rhinoceros has a
magnificent horn,

animals admire.
All, that is, except
Hippo, who is

jealous of Rhino's horn, and wants one of her own. While Rhino is asleep, Hippo steals her horn and, after some mishaps, sets it on her snout. But Hippo quickly discovers that wearing a large and heavy horn brings more

rewards. Soon all
the animals are
telling her that a
rhino horn belongs
on a rhinoceros.
Hippo starts to

and when she

with the

Rhino, Hippo
understands that

there is no room in the world for jealousy. Hippo returns the horn to its rightful owner and slips quietly into the deep water as Rhino and the rest of the animals gather at the river's edge for their evening drink.
