The Workplace Issues, Technology Corner, and Ethical Issues in HRM boxes have also been updated to reflect current ideas and issues in HR. And HR professionals will find more detailed discussions on a wide range of topics including HR as a career, outsourcing of HR, discipline and dismissal, employment branding, and more.

As competitors strive to win the war for talent, effective human resource management is necessary to gain true competitive advantage in the marketplace. Three challenges companies face are sustainability, technology, and globalization. Human Resource Management 5th Edition brings these challenges to life by highlighting real-world examples pertaining to these issues and relating it to the concepts within the chapter. This best-selling McGraw-Hill/Irwin Human Resource Management title provides students with the technical background needed to be a knowledgeable consumer of human resource (HR) products and services, to manage HR effectively, or to be a successful HR professional. While clearly strategic in nature, the text also emphasizes how managers can more effectively acquire, develop, compensate, and manage the internal and external environment that relates to the management of human resources.

Now in its 10th edition, AHRI-endorsed Human Resource Management: Strategy and Practice provides a strong conceptual and practical framework for students of human resource management. The successful integrative strategic HRM model is retained and the most recent developments in human resource management theories and practices are explored. A multitude of contemporary regional and international examples are incorporated throughout, alongside expanded coverage on the future of work and emerging HRM issues. Thoroughly revised and updated with the latest research findings, this edition adopts a lateral approach to illustrating the evolving HRM landscape and promoting employability. Now available on the MindTap platform, Human Resource Management: Strategy and Practice provides an optional online learning experience with interactive, skills-based activities as well as new opportunities for student engagement and revision. Premium online teaching and learning tools are available on the MindTap platform. Learn more about the online tools cengage.com.au/mindtap

Provides a brief introduction to human resource management. This book focuses on the uses of human resources for the general population. A comprehensive instructor's manual, test bank, PowerPoint presentation and a complete Online Learning Center make course preparation easy.

Managing Human Resources is for the general management student whose job inevitably will involve responsibility for managing people. It explicitly links the relationship between productivity, quality of work life, and profits to various human resource management activities and as such, strengthens the students' perception of human resource management as an important function, which affects individuals,

organizations, and society. It is research-based and contains strong links to the applicability of this research to real business situations.

Human Resource Management provides readers with a complete, comprehensive review of essential personnel management concepts and techniques in a highly readable and understandable form. Coverage emphasizes essential themes throughout the book, including the building of better, faster, more competitive organizations through HRM; practical applications that help all managers deal with their personnel-related responsibilities; and technology and HR. Specific topics include the strategic role of human resource management; equal opportunity and the law; job analysis; personnel planning and recruiting; employee testing and selection; interviewing candidates; training and developing employees; managing organizational renewal; appraising performance; managing careers and fair treatment; establishing pay plans; pay-for-performance and financial incentives; benefits and services; labor relations and collective bargaining; employee safety and health; managing human resources in an international business; human resources information systems and technology. For practicing Human Resource Managers as well as any business managers who deal with human resource/personnel issues.

The Tenth Edition of Human Resource Management continues to present both the theoretical and practical aspects of HRM. The theoretical material is presented throughout the textbook and highlighted via a marginal glossary. The practical aspects of HRM are presented through lively and pedagogically-effective examples woven throughout the text and in the end-of-chapter materials. This edition reflects the challenges of diversity, technology and globalization in the business world and how these forces impact the HRM function within organizations.

Human Resources Management 8e provides an introduction to human resource management for undergraduate students at universities and universities of technology. It considers changes in market conditions and focuses on the current HR climate with in greater business and economic context, both within southern Africa and the international community.
