In Tie My Shoes, he shares a collection of stories and remembrances from his life, telling what it was like trying to function with a handicap in society. Shipe chronicles a host of experiences and challenges such as dealing with dating, sexuality, self-worth, and depression to struggling with leg braces, crutches, a "funny" voice, painful leg cramps, bladder control, and an accident that resulted in a broken neck. His stories give insight into what it was like trying to be "normal" when his body was far from it. From attending public schools, to earning a master's degree, and marrying and raising a family, this memoir discusses how his faith in God and the eternal support from his mother helped him succeed. She resigned from her high-powered health management role and started transforming a neglected farm into an award-winning wedding venue. She faced nearly every type of challenge an entrepreneur can face – tribunals, near bankruptcy, court hearings, staff issues, system problems – and survived to tell the tale.
